

Waggin' Tails Animal Inn requires all dogs and cats to be current on the following vaccinations:

## DOGS

- **Rabies**
- **Distemper/Parvo**
- **Bordetella** (every 6 months. Some vets do a yearly vaccine but we require the Bordetella semi-annually)

*\*If a dog has never had the Bordetella or it is expired, the vaccine must be given at least 48 hours prior to boarding. This is to allow the vaccine time to offer some immunity.*

- **Canine Influenza** (both the H3N2 and H3N8 strains or the combination vaccine Bivalent)  
*\*Please note, this is a 2-part vaccine, with an initial dose and then 2-4 weeks later, a booster. It takes one week after the booster for maximum immunity to take effect, so please plan your vet visit accordingly.*

## PUPPIES

We are able to board puppies who are at least 2 weeks past their last round of puppy shots, including the booster for the Canine Influenza. This is usually at 4-5 months of age.

## CATS

- **Rabies**
- **Feline Distemper (FVRCP)**  
*\*Feline Leukemia recommended but not required.*

*These vaccine requirements apply to all services we offer: Boarding, Daycamp, and Grooming. We prefer to review your pets' vaccination records prior to their drop off day. Please email the records (or have your vet do so) to [info@waggintailsanimalinn](mailto:info@waggintailsanimalinn).*
