

Pavlish Playhouse & Preschool July-August 2026

Hello parents and families! Summer is in full swing and we have been having a lot of fun, field trips, and outdoor water play. It has been a very busy here at Pavlish Playhouse & Preschool. Students were very excited to hatch chicken eggs in the incubator. They were able to watch the eggs cracking and our 10 chickens being born. We are now in the process of hatching quail eggs which we are very excited about. We had another great preschool graduation. The students performed songs and then received their diplomas and portfolios, then had a potluck dinner to celebrate all our graduates. Thank you to all the parents and families that attended. It made the day really special. Sadly for us, Mr. Josh and Ms. Tylee are moving to the west side with their family and will no longer be here with us. We will miss them and wanted parents and students to be able to say good bye and wish them good luck on this new adventure!

Fireworks in a Jar

1. Fill your jar 3/4 of the way full with warm water.
2. In a separate bowl, mix 3-4 tablespoons of oil and several drops of different colors of food coloring (I used 4 drops of each color: red, yellow, blue, and green).
3. Use a fork to gently mix the oil and food coloring together.
4. Gently pour the oil mixture into the jar.
5. Watch what happens—the food coloring will slowly sink out of the oil and into the water. When this happens, it will expand and begin to mix with the other colors.

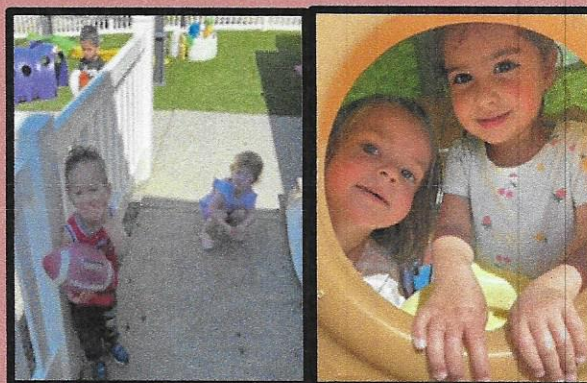

We have decided to adopt a soldier; his name is CPL Ryan Romanyszyn and he is serving in the United States Marine Corps. The students will be learning about military service, writing a class letter and making pictures that we will be putting in care packages to send to him. For anyone interested in donating items to be sent to CPL Romanyszyn, there will be a list that will be posted by the sign in area. **We would like to take a moment to thank all of our soldiers and their families for their service! We appreciate the sacrifices you make to keep our country safe.**

We have three babies
turning 1. Happy
Birthday Annaliese,
Presley and Lana!

Adventure 1, 2, & 3

The adventure classrooms have been busy with lots of fun summer activities. We have been learning about things that grow and bloom in the summer we have also been doing a lot of water and sand play as well as fun painting activities.

Explorers

The explorer class has been learning about pond life. They have also been making things for our soldier. We will be sending out our first care package at the beginning of August!

Discoverers

The discoverer classroom hatched chicken eggs; they also followed the lifecycle of a butterfly and were able to let them go at the park. They are now working on hatching quail eggs.
