WHY US

When you work with us, you are working with a company dedicated to maintaining, if not enhancing, the value of your fleet. Our dedication to detail and superior technical qualifications make us the right choice when selecting a service provider.

ABOUT US

OUR TEAM

Immaculate Kinetics is a locally owned company with exceptional technicians who offer a wide range of services due to their specialized training. A few of our specialized services include Roush CleanTech alternative fuel systems, Safety Vision mobile video surveillance solutions, and Webasto heating and cooling systems. We can do repairs on light, medium, and heavy-duty vehicles, but specialize in classes 3-7.
