

## ***Plumbing & Heating Technician – Titan Well Drilling***

### **About Titan:**

Since 1965, Titan Well Drilling has been a trusted, family-owned business serving our community with dependable well drilling, plumbing, heating, septic, and water filtration services. Our commitment to quality work, honesty, and community pride has been passed down through generations — and we're looking for a skilled Plumbing & Heating Technician to join our team.

### **Position Overview:**

As a Plumbing & Heating Technician, you'll be responsible for installing, maintaining, and repairing plumbing and heating systems in both residential and commercial settings. From well pump systems and water filtration to boilers, furnaces, and radiant floor heating, you'll help keep our customers' homes and businesses running smoothly and comfortably.

### **Responsibilities:**

- Install, repair, and maintain plumbing fixtures, piping, and heating systems
- Diagnose and troubleshoot well pumps, water pressure issues, and filtration systems
- Service and install boilers, furnaces, and hydronic heating systems
- Ensure all work meets state and local plumbing codes
- Provide excellent customer service and represent Titan with pride
- Work collaboratively with drilling, office, and service teams

### **What We're Looking For:**

- Experience in plumbing, heating, or a related trade
- Strong troubleshooting and problem-solving skills
- Dependable, detail-oriented, and self-motivated
- Excellent communication and customer service skills
- Valid driver's license with clean driving record

### **Preferred Experience:**

- Trade school or apprenticeship background
- EPA certification for refrigerants
- NYS journeyman or master plumbing license

### **Apply:**
