Age Craft
MANUFACTURING

Why?

Homeowners and professionals alike are choosing aluminum railings and fencing by AgeCraft not only to solve safety problems, but also because of their beautiful decorative features, easy one-man installation and maintenance free aspects.

- **Maintenance Free**
No painting costs, no rust and scale to scrape off, no replacement of rusted sections.
- **Easy Installation**
AgeCraft railings and fences are easily self-installed and adjustable to fit any angle needed.
- **Structurally Superior**
Heavy-gauge, super-strong aluminum extrusions are immune to things like "roughhousing" youngsters, banging furniture and crowded patio parties.
- **Weldless Design**
No welds to break, adding additional strength and safety.
- **Decorative Features**
AgeCraft railings and fencing is available in different styles for a variety of decorative effects.
- **Baked On Enamel Finish**
Easy soap and water cleaning and periodic waxing will keep your AgeCraft railing looking like new.

Structure

Acrylic Enamel is baked on
Alodine cleans and pretreats all surfaces
Mill Finished Extrusion

Age Craft colonial railing and fencing is constructed with a heavy-gauge, super-strong aluminum for the safest and longest installation life. The all rivet design provides durability and makes it easy to adjust sections to your step or ramp angles.

2 inch or 3/4 inch wide picket

Specifications

- Extruded Aluminum in 6063-T6 Alloy
- Aluminum Die Cast Fittings in 380.1 Alloy
- Extrusion Finish is Electrostatically Applied and Baked on
- Castings are Powder Coated Paint
- Load Tested to Exceed BOCA Requirements

Newel Post

Use for end post, corner post or as part of a crossover kit for sections longer than 8'.

Components

Top and Bottom Horizontal Swivel

Used on level applications when the corner is not a 90 degree angle.

(Optional) Slope Adjustable Newel Post Flange

Used only on ramp applications.

New Structural Level Flange

Meets all code requirements

Top and Bottom Straight Connector

Used on level applications.

Top and Bottom Round Column Adapter

Used to make an even connection to an Age Craft fluted round column.

Top and Bottom Rail Utility Connectors

Used on applications that are not level, ie, steps or ramps, to achieve the correct pitch.

Crossover Cap

Used in Crossover Kit to allow a continuous top rail on sections longer than 8'

Stub Shoe

2" or 3/4" - Used to anchor the extended picket to the floor.

Ball Top

Optional decorative newel post cap

Styles

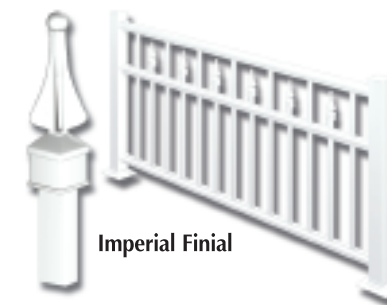

Colonial Railing
