

# Capability Statement

## Company Overview

Toolmax Designing & Tooling Inc. is a privately owned Sheet Metal, Tooling and Machine shop located in Northeast CT.

We specialize in the engineering, design and manufacturing of precision sheet metal tooling and complex sheet metal parts, primarily for the Aerospace Industry.

## Core Services

Press forming up to 250 tons with a footprint of 24" x 36"  
Turning up to 25" diameter  
5th-axis machining up to 20" x 20" cubic inch  
Creative tool design of complex sheet metal parts  
Expertise with problematic tooling and parts using reverse engineering  
First piece development to large production runs  
First piece article and CMM inspection with a complete 9102

## Other Services Provided

Engineering & design assistance services  
Laser Cutting  
Water Jetting  
Wire EDM  
Welding  
Heat Treating  
Passivate  
FPI  
Coating  
Marking

## Differentiators

35 years of Tool & Die experience in Aerospace Manufacturing.  
Design capabilities to fabricate all types of sheet metal tooling, and parts.  
Low cost tooling for onetime development runs.  
Certified to AS9100D - ISO 9001:2015.  
Toolmax has experienced continuous growth in our customer base, services and sales over the past 10 years.

## NAICS

Primary  
332322 - Sheet metal work manufacturing

332119 - Metal Crown, Closure and other metal stamping  
332710 - Machine Shop  
332996 - Fabricated Pipe and pipe fitting manufacturing  
332999 - All other miscellaneous fabricated metal product manufacturing  
333514 - Special Die and Tool Die Set, Jig and Fixture manufacturing  
333517 - Machine Tool Manufacturing  
333519 - Rolling Mill and other metalworking machinery manufacturing  
336413 - Other Aircraft parts and auxiliary equipment manufacturing  
332722 - Bolt, Nut, Screw, Rivet, and washer manufacturing

## Company Data

DUNS Number:	602569373
CAGE Code:	6HPK3
SAM Registration:	Active
AS9100D:	74 300 4505
Business size	Small
