

## About Us

Since 2008, Professional Career Institute has been dedicated to helping our students thrive through a seamless blend of hands-on practice and traditional classroom learning. Our team of instructors brings over 25 years of experience in the field, ensuring that every student receives top-notch education and mentorship. As a board-approved institution, we uphold the highest standards of education. With this wealth of knowledge and experience, we empower our students to excel and make a positive impact in their careers.

*We are where experience works.*

## Student Testimonials

I had such a wonderful experience during the CNA course. Loved my teacher who was very knowledgeable and helpful! Everyone at PCI was so pleasant and always willing to help out any way they could!

- Kelly M.

The teachers are the best and the classes were great, I learned a lot. They want you to succeed in your profession. I took both CNA and Med Tech classes. Took my tests and passed on the first time.

- Jewel S.

Staff and Instructors are excellent. Thumbs up to the facility. My instructor was the best!! Thanks for everything.

- Tony H.

Wonderful school. I took the Nurse Aide program & after completing the course I was able to pass the state boards after the first attempt. I loved the small class size and that our instructor took time to make sure everyone knew the material before moving on to the next chapter. I highly recommend Professional Career Institute.

- Sharon W.

## Did you know?

The demand for qualified nursing assistants is expected to continue to grow over the next few years. In fact, within 10 years, the number of job positions is expected to increase by about 18%.

Once licensed, you can transfer your Nurse Aide and Medication Aide License from state to state.

The median annual wage for nurse aides was \$38,200, with an hourly wage of \$18.33

There are over 43,247 Medication Aides currently employed in the United States. 84.3% of all medication aides are women, while 15.7% are men.

The projected job growth rate for medication aides is 9% from 2018 to 2028, with about 137,800 new jobs expected over the next decade.

The average annual salary for medication aides is \$40,799, with an hourly wage of approximately \$19.61.

The first nursing school in the United States was established in 1873 in New York City. 135 Years before PCI was established.
