EASY TO MAINTAIN AND CLEAN

The cassette can be easily removed to clean and maintain the shade and the window or door's glasses.

SAFETY AND COMFORT

Screws and drilling free installation. The profile attaches to the frame with 3M ultra-strong adhesive tape which doesn't damage the window or door's molding or glass.

BLACKOUT OR DECORATIVE FABRIC CONFIGURATION

Aluminium side channels that combine with blackout fabrics, ensuring maximum darkness.

STYLE AND DESIGN

Elegant and functional aluminum cassette and bottom bar. Matching colors for covers, cable tidies and accessories.

Operating systems

Available with rechargeable battery motor, handle and chain.

White Brown Black Anthracite Anodized aluminum

Colors

Five available colors for all parts: cassette, side channels and bottom bar.

A large selection of fabrics for a wide range of situations.

Safety is our priority

As it isn't fitted with a chain, the rechargeable battery motor and the handle mechanism are the perfect option for environments with small children. Regardless, the chain features a child safety system which prevents it from becoming tangled.

OTHER BANDALUX SOLUTIONS

B-BOX ZIP DUO

**TWO FUNCTIONS
IN ONE SHADE
WITH TWO FABRICS**

Celebrated as the **"Product of the 2020 Year"**, the B-Box Zip Duo roller shade boasts two functions: decoration and maximum opacity by combining two types of fabrics in one cassette.

Z-BOX

**AN ALTERNATIVE TO
TRADITIONAL
SHUTTERS**

Resistant to all types of climatic conditions. The zipper guide system firmly secures the fabric and guarantees maximum opacity by combining a blackout fabric.

O-BOX

**CYLINDRICAL CASSETTE
FOR INDOORS AND
OUTDOORS**

Roller shade for indoors and outdoors with a cylindrical cassette and an exclusive design. Its uniqueness and beauty make them the ideal option for houses and building facades.

BANDALUX DIGITAL PRINTING

Digital printing is a technique which allows high-quality images to be printed directly onto the shades' fabric.
