

Chimney Top Protection

Lifetime Warranty against rust, corrosion or manufacturer's defects for stainless steel and copper chimney tops.

- Stainless Steel, Painted Black, Copper
- Single/Multiple Openings
- Specialty Situations

No matter what type of cap your chimney requires, we've got you covered!

3 Reasons

Why Every Chimney Needs A Cap:

1. Protects against rain and snow, which if allowed in, can lead to moisture damage and expensive repairs.
2. Keeps animals out.
3. Blocks burning embers and sparks from escaping onto the roof or yard, causing a fire hazard.
