

**Invitation for Bids: NEW 2026-IFB-SOL=2**  
**Solar Project for Golden Tides II Apartments**

**ADDENDUM No. 2**

**1. QUESTION –**

Can you confirm that the composition shingle roof on the main building (9239 Bayshore Dr.) can be utilized for solar? (Not just the flat membrane roof)

**ANSWER –**

No it cannot be used. The second building is intentionally not part of this project and left for phase 2 for some point in the future.

**2. QUESTION –**

Can the composition single roof on the southern building (9225 Bayshore Dr.) be utilized in addition to roof on 9239 Bayshore Dr?

**ANSWER –**

Yes, it could be. This is a variation from the scope and should be clearly outlined in your proposal documents.

**3. QUESTION –**

Can you provide building plans, a roof plan, and electrical plan for the building(s)? If not a full plan, at least the roof detail for the section underneath the composition roof of 9225 Bayshore Dr.

**ANSWER –**

The roof is ½ osb or plywood as any typical roof construction.

**4. QUESTION –**

The due date is January 19 and that's a holiday. How do I submit my proposal?

**ANSWER –**

Please try to return your proposals by end of day Friday, January 16. I will also be on site on Monday until 10:00am for any proposals being submitted that day.
