### 1. Call to Order:

Chair Walters called the meeting to order at approximately 9:00 am.

### 2. Approval of Agenda:

Commissioner Erickson moved to approve the agenda. The motion was seconded by Commissioner Moriwaki. *Agenda approved*.

### 3. Public Comments:

Susan Yake informed the Board that she wants action regarding the houses near the Fairgrounds. Susan explained that staff was overheard saying that there is no mold in the house. Susan recommended treating the mold while the resident is in the hospital. Susan asked what the action plan is regarding this house.

Heather Blough informed Susan that confidentiality does not allow HK to discuss individual house matters with anyone other than the resident.

### 4. Consent Agenda:

Commissioner Moriwaki moved to approve the consent agenda. The motion was seconded by Commissioner Root. *The motion carried unanimously.* 

### 5. Discussion Items

A. Chapter 12 of the Housing Choice Voucher Administrative Plan which determines how households will be selected to be removed from the program if inadequate subsidy is provided for the voucher program.

Heather Blough directed the Board's attention to page 29 of the Board report and explained that all other possible cost saving measures will be implemented before any households are removed from the Voucher Program. Commissioner Erickson asked if the cuts could be spread out, but Heather explained that the program regulations dictate the formula that is used for calculating rents.

The Board requested the following:

- A step-by-step cheat sheet the explains the process
- An in depth discussion and legal opinion on sharing the load
- Creation of preferences at other properties for households that are removed from the voucher program

Commissioner Dunklin informed the Board that sharing the load of the cuts would be really difficult for people who are on Social Security.

Commissioner Rolfes explained that perhaps community funding could help make up the difference in funding.

B. Using a portion of the development fun for gap financing at Southern Cross

Dean Nail informed the Board that the budget for Southern Cross is two years old and there have been cost increases in the meantime. Dean explained that the Community Development Block Grant (CDBG) now requires Build America Buy America (BABA) on every component, which would create an unbearable hardship on the project. Dean recommended using the development fund to prevent bank loans from increasing the overall cost. Dean added that the Invitation for Bids is going out on June 24, 2025, and a formal action will be brought back after the bid costs are known.

### 6. Action Items

A. Discussion and possible action regarding Resolution 2025-19 approving the Housing Kitsap Administrative Plan for the Housing Choice Voucher Program to be effective July 1, 2025

Freddy Linares informed the Board that there are two versions of the Administrative Plan, Pre-HOTMA (Housing Opportunities Through Modernization Act) and Post-HOTMA. Freddy explained that HK has been using Bremerton Housing Authority's plan until HK's own is approved, and a lot of work went into creating the plan.

Commissioner Erickson moved to approve Resolution 2025-19. The motion was seconded by Commissioner Moriwaki. *The motion carried unanimously.* 

## B. Discussion and possible action regarding Resolution 2025-20 approving the revised Tenant Selection and Continued Occupancy Policy for Nordic Cottages

Jules Nadda informed the Board that the Tenant Selection and Continued Occupancy Policy (TSCOP) for Nordic Cottages is consistent with the TSCOPS for the other HK Properties. Heather Blough added that Voucher Landlords must operate in compliance with regulations.

Commissioner Erickson reminded the Board that the plans for Nordic Cottages are available for anyone to use.

Commissioner Rolfes requested a tour, with a staged unit, before move in. Jules confirmed that this will be arranged.

Commissioner Erickson moved to approve Resolution 2025-20 The motion was seconded by Commissioner Root. *The motion carried unanimously.* 

## C. Discussion and possible action regarding Resolution 2025-21 updating the Resolution that delegates authority to the Executive Director

Heather Blough informed the Board that Resolution 2021-06, the current Resolution that allows the Executive Director to delegate authority, needs additional clarification. The updated Resolution adds specification for matters regarding litigation and financial thresholds, as well as adding the circumstance of incapacitation of the Executive Director.

The Board requested to amend the Resolution to include, "and/or an unexpected and unanticipated vacancy of the Executive Director Position."

Commissioner Erickson moved to approve Resolution 2025-21 as amended. The motion was seconded by Commissioner Moriwaki. *The motion carried unanimously.* 

## D. Discussion and possible action regarding Resolution 2025-22 authorizing the Executive Director to execute Public Works Contract No. 2025-LL-UR for an amount not to exceed \$408,000

Laura Auerbach explained that the work for Lakeland was split into two sections: a) utilities and roads b) clearing and grading. Dean Nail explained that this is because each section requires a different amount of skill and therefore cost; awarding them separately would save HK approximately 100 thousand dollars. Public Works Contract 2025-LL-UR is for utilities and roads.

Commissioner Rolfes asked why the Self-Help Program is building in Mason County. Dean explained that land in Kitsap is expensive, so building in Mason helps HK meet the required grant goals.

Commissioner Erickson recommended asking churches in Kitsap to sell their excess land for affordable housing.

Commissioner Moriwaki moved to approve Resolution 2025-22. The motion was seconded by Commissioner Rolfes. *The motion carried unanimously*.

### 7. Program Updates

### A. Executive Director/Executive Committee

Heather Blough noted the information in the report and offered to answer any questions. There were no further questions.

#### **B. Finance Division**

Roan Blacker noted the information in the report and offered to answer any questions. Roan explained that HK's finances continue to do well despite uncertainties. Roan added that June is the end of the Fiscal Year. There were no further questions.

### C. Property Management:

Jennifer Di Vitto noted the information in the report and offered to answer any questions. Jennifer explained that waitlist numbers were presented by bedroom size. Jennifer added that a new Property Manager was hired for Viewmont and Heritage.

Commissioner Erickson asked about the HK Homes Vacancies. Heather Blough explained that there have been 18 move ins and 27 move outs from HK Homes. Commissioner Erickson asked if it would be beneficial for HK to sell the single-family units. Heather confirmed that it will be discussed at the upcoming redevelopment strategy meeting with the Leadership Team.

Commissioner Dunklin explained that there is more of a need than what is shown by the waitlist.

### D. Compliance Department:

Freddy Linares informed the Board that HK is in projected shortfall. This means that the HCV Program is projected to spend more money on Housing Assistance Payments (HAP) than the program receives funding for. Freddy explained that the effective date for the Streamlined Voluntary Conversion (SVC) Tenant Protection Vouchers and the pace of leasing the units during SVC contributed to the projected shortfall. Freddy added that HUD originally told HK that there was plenty of money, but now they are requiring HK to use the reserves to pay HAP. Freddy explained that he is in discussion with HUD about correcting the numbers, but HK will not be able to issue new vouchers right now.

Heather Blough added that Time Square Apartments and Nordic Cottages will still receive their vouchers as the AHAP for Nordic, and the planned addition of Time Square, have continued to be factored into the planning tool for the voucher program.

### E. Single Family:

Dean Nail informed the Board that they are currently recruiting for an additional Self-Help Construction Supervisor. Dean explained that the Ives Mill National Environmental Protection Act permit is almost complete and then they can begin receiving money from Community Frameworks.

Commissioner Root asked if there is a map of the Self-Help sites over the last few years. Dean confirmed that he will create one to share with the Board.

Commissioner Walters asked if there were any agreements in writing regarding Stoneridge yet. Dean explained that there are not; they are in the process of identifying priorities for the property and then will apply for Community Investments for Affordable Housing (CIAH) funds.

### F. Administration and Procurement:

Laura Auerbach noted the information in the report and offered to answer any questions. There were no further questions.

Laura added that the Time Square Preservation Celebration was held which honored Hetty Hicks. Commissioner Rolfes added that Mary Gleysteen emailed to thank HK and share that the residents of Time Square raved about HK.

Jennifer Di Vitto explained that Landlord-Tenant Law for mobile home parks is very different from other multifamily housing. ## Housing Kitsap Board of Commissioners Discussion Item

**MEETING DATE:** July 22, 2025 **ESTIMATED TIME:** 10 minutes

**AGENDA TITLE:** BASIC – Reinstating Charitable Status **AGENDA ITEM:** 5. A.

SUBMITTED BY: Roan Blacker TITLE: Director of Finance

To discuss the benefits of reinstating the charitable status of Building Affordable Sustainable Innovative Communities (BASIC).

BASIC was incorporated by Housing Kitsap in the State of Washington on October 18, 2001, for charitable purposes to provide decent, safe and affordable housing for low-and moderate-income persons or families. The corporation received its federal EIN # on December 21, 2001, and its IRS charitable 501(c)3 status on May 22, 2002. On May 15, 2020, the IRS revoked BASIC's federally tax-exempt status for not filing a FORM 990 return for three consecutive years.

BASIC continues to be a corporation in good status with the State of Washington.

Targeted activity of BASIC would be to receive land, large cash, and other donations for affordable housing purposes with the ability to provide the donor with a qualified charitable receipt. BASIC could also be used as an owner of affordable housing.

The user fee for filing a FORM 1023 application to reinstate a corporation's charitable status is currently \$600.

Additional Consideration: If reinstated, who should the five Board members be moving forward?

## Housing Kitsap Board of Commissioners Department Update

**MEETING DATE:** July 22, 2025 **ESTIMATED TIME:** 10 minutes

**AGENDA TITLE:** Property Management Update **AGENDA ITEM:** 6. C.

SUBMITTED BY: Jennifer Di Vitto and Jules Nadda, Regional Directors of Property Management

- Staffing Updates: This month, we made several important additions to our Property Management team. We welcomed two new Maintenance Technicians—one assigned to the North End portfolio and the other to the South End. Additionally, we hired a new Property Manager who will oversee both Heritage and Viewmont East Apartments. We are currently hiring a Bainbridge Island Property Manager.
- In an effort to strengthen compliance and operational effectiveness, all property managers working on tax credit communities will be enrolled in Low-Income Housing Tax Credit (LIHTC) certification training within the next month. This training is aimed at ensuring our team has a comprehensive understanding of LIHTC regulations, eligibility requirements, and ongoing compliance standards. By investing in this training, we are reinforcing our commitment to maintaining the integrity of our housing programs and supporting long-term affordability for our residents.
- In alignment with our continued efforts to strengthen property standards and inspection readiness, we have confirmed in-person NSPIRE training through Tacoma Housing Authority. This training includes the online ACE certification exam, which must be completed within two weeks of the course. Heritage, Viewmont East, and HK Homes Maintenance Technicians will be attending. This training reinforces our agency's commitment to ensuring maintenance staff are equipped with the knowledge and skills needed to meet evolving HUD inspection protocols and maintain high-quality housing.
