

Safety Data Sheet

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name	Bueno Mixero
Description	Adjuvant

Company name	EGE Products
Address	450 Cr C Minneola Kansas 67865
Telephone	620-450-4320
Website	www.egebio.com
Emergency phone number	Chemtrec: (800) 424-9300

2. HAZARD(S) IDENTIFICATION

Hazard Classification	Skin corrosion/irritation – Category 2 Serious eye damage / eye irritation – Category 1
------------------------------	--

Label Elements

GHS Hazard Pictograms	
Signal word	DANGER

Hazard Statement:

H315	Causes skin irritation
H318	Causes serious eye damage

Precautionary Statement:

P264+P265	Wash hands thoroughly after handling. Do not touch eyes.
P280	Wear protective gloves, protective clothing, eye protection, face protection and hearing protection.
P302+P352	IF ON SKIN: wash with plenty of water.
P305+P354+P338	IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
P332+P317	If skin irritation occurs: Get medical help.
P362+P364	Take off contaminated clothing and wash it before reuse.

Hazards not otherwise classified	None known.
Supplemental information	None.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Components	CAS number	Percentage
Proprietary Blend	Proprietary	100%

4. FIRST AID MEASURES

General advice	Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.
If inhaled	Provide fresh air. Call a physician if symptoms develop or persist.
If on skin	Wash exposed areas with soap and water. If itching and redness persist, seek medical attention.
If in eyes	Flush immediately with copious amounts of water. Continue flushing for at least 15 minutes. Seek medical attention!!!
If ingestion	Contact physician or poison control center. If victim is conscious and able to swallow, quickly give milk or water to dilute. Do not give sodium bicarbonate, vinegar, or fruit juices. Never give anything by mouth if victim is unconscious or having convulsions. Induce vomiting only upon advice of a physician.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media	Water spray, foam, dry powder, carbon dioxide.
Unsuitable Extinguishing Media	Water jet.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment / instructions	Move containers from fire area if you can do so without risk.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards	No unusual fire or explosion hazards noted.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, protective equipment and emergency procedures	Follow safe handling advice and personal protective equipment recommendations. Keep unnecessary personnel away.
Environmental Precautions	Do not flush into surface water or sanitary sewer system.
Containment and Cleanup	Large spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

7. HANDLING AND STORAGE

Precautions for safe handling

Precautions for safe handling	Avoid prolonged exposure. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	Store in tightly closed container. Store away from incompatible materials. See section 10 of the SDS.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational exposure limits	None known.
Biological limit values	No biological exposure limits noted for the ingredient(s).
Appropriate engineering controls	General ventilation.
Eye Protection	This chemical requires the use of a chemical protective goggles that meet ANSI/ISEA Standard when handling this chemical.
Skin Protection	Hand protection: This chemical requires the use of a chemical resistant glove that meet ANSI/ISEA Standard is and necessary when handling this chemical. Other: wear suitable protective clothing.
Respiratory Protection	In case of inadequate ventilation wear respiratory protection.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Yellowish Liquid
Odor	Alcohol
pH	10-11
Freeze / Melting Point	Not determined
Boiling Point / Range	Not determined
Density (lb/gal)	8.85
Flash Point	Not determined
Color	Not determined
Solubility in Water	Soluble
Viscosity	Not determined
Odor Threshold	Not determined
Evaporation Rate	Not determined
Upper / Lower Flammability Limits	Not determined
Vapor Pressure	Not determined
Vapor Density	Not determined
Partition Coefficient	Not determined
Auto-Ignition Point	Not determined
Decomposition Temperature	Not determined
Viscosity	Not determined

10. STABILITY AND REACTIVITY

Reactivity	Stable and non-reactive under normal conditions of use, storage and transport.
Chemical Stability	Stable under normal conditions
Possibility of Hazardous Reactions	No known hazardous reactions
Conditions to Avoid	Contact with incompatible materials
Incompatible materials	Keep away from strong oxidizer agents.
Hazardous Decomposition	No hazardous decomposition products are known
Thermal Decomposition	No data available

11. TOXICOLOGY INFORMATION

Information on toxicology effects

Acute toxicity:	Not known.
Inhalation	Prolonged inhalation may be harmful.
Skin contact	Skin corrosion/irritation – Category 2
Eye contact	Serious eye damage/eye irritation – Category 1
Ingestion	Expected to be low ingestion hazard.
Skin corrosion / irritation	Skin corrosion/irritation – Category 2
Serious eye damage / eye irritation	Serious eye damage/eye irritation – Category 1
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitizer	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	Not classified based on available information.
Carcinogenicity	Not classified based on available information.
Specific target organ toxicity	Not classified based on available information.
Specific target organ toxicity	Not classified based on available information.
Reproductivity Toxicity	Not expected to cause reproductive or developmental effects.
Aspiration hazard	Not an aspiration hazard.

12. ECOLOGICAL INFORMATION

Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	No data.
Bioaccumulative potential	No data.
Mobility in soil	No data.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. DISPOSAL CONSIDERATIONS

Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. TRANSPORTATION INFORMATION

DOT	Not regulated as a dangerous good.
IATA	Not regulated as a dangerous good.
IMDG	Not regulated as a dangerous good.
Marine Pollutant	No.

15. REGULATORY INFORMATION

US federal regulations

Toxic Substances Control Act (TSCA)	TSCA registered.
--	------------------

Superfund Amendments and Reauthorization Act of 1986 (SARA)

SARA 302 Extremely hazardous substance	Not listed.
SARA 313 (TRI reporting)	Not regulated.

16. OTHER INFORMATION

Revision Date	3-3-26
Initial Date	2-4-26

Other information

Classification of the preparation and its individual components has drawn on official and authoritative sources using available literature references.

The SDS is a Hazard Communication tool and should be used to assist in the Risk Assessment. Many factors determine whether the reported Hazards are Risks in the workplace or other settings. Risks may be determined by reference to exposures scenarios, scale of use, frequency of use and current or available engineering controls must be considered.
