

CORPORAL

H·S·O·C

HIGH SURFACTANT OIL CONCENTRATE

GENERAL INFORMATION

Corporal HSOC is a high surfactant oil concentrate containing a 60/40 blend of modified vegetable oil and free fatty acids, along with a proprietary surfactant. The high surfactant content of 40% allows spray droplets to spread and more efficiently stick to the plants for improved coverage. The concentrated formula can be used at reduced rates compared to traditional crop oil concentrates.

BENEFITS

- ▶ Blend of quality modified vegetable oil.
- ▶ Contains humectant qualities.
- ▶ Get great results with Corporal HSOC.

RATES

8-32 oz/acre or .25-1 percent by volume a replacement for nonionic surfactants and COC's. Use the higher end of use rates when conditions are hot and dry.

INGREDIENTS:

Principal Functioning Agents:

Modified vegetable oil, free fatty acids	60%
Surfactant	40%
Total.....	100%

CONTAINS NO NPE OR APE
