Notice of: ***Internet Speed Increase.***

Dear Valued Customer,

To help in these continuing trying times Blue Devil Cable is increasing your internet speed while keeping your pricing the same, we hope this will help you and your family get through your day a bit easier.

10 years ago we made a multi-Million dollar upgrade to our cable plant giving you a state of the art communication system, the same as being used today by much bigger companies like Comcast and others. We have continually been increasing the bandwidth and Internet equipment that serves you and recently completed another upgrade that will allow us to offer you this increased internet speed.

We are proud to be your service provider and to be able to give you more speed at your current price.

Thursday 15th we are doubling your speed no equipment change needed.

During the next several months we will be mailing you a new modem if needed and **upping your speeds again to our targeted speeds. Your price will remain the same.**

Targeted speed increases:

3Mbps will go to 50Mbps

5Mbps will go to 100Mbps

8Mbps will go to 200Mbps

25Mbps will go to 400Mbps

We will also be adding Hallmark Drama to our expanded basic Nov 1st or sooner Ch-88.

We value your patronage and strive to offer you the best possible services, programing and value. We appreciate being your cable, internet and phone service provider. Should you have any questions or comments, please feel free to contact our local office at 800-931-9392

Sincerely
Blue Devil Cable
