After many years of dedicated service, Dr. Linda Rollins, your current primary care physician, has decided to retire. While we understand that this news may come as a surprise, we want to assure you that your healthcare remains our top priority.

In light of Dr. Rollins' retirement, we are offering you the opportunity to transition your care to one of our other highly qualified healthcare providers within our practice. Our team is committed to ensuring a smooth transition, and we believe that you will receive the same level of personalized and attentive care from our other providers.

Alternatively, if you prefer to explore new primary care options outside of our practice, we understand and respect your decision. We are more than willing to assist you in transferring your medical records and providing any necessary information to help facilitate this process.

To discuss your options and preferences, or to address any questions or concerns you may have, please contact our office at (501) 725-7919. Our staff is here to assist you in making the best choice for your continued healthcare.

We appreciate the trust you have placed in us, and we are committed to ensuring that your transition to a new healthcare provider is as seamless as possible. Thank you for your understanding and cooperation during this period of change.

If you would like to share any kind words or expressions of gratitude with Dr. Rollins, we welcome you to send an email to [info@ARFamilyMedicine.com](mailto:info@ARFamilyMedicine.com). Your thoughtful messages will be compiled and presented to Dr. Rollins upon her retirement.
