### **SATANTA DISTRICT HOSPITAL RESPONSE QUICKLY TO A SMALL FIRE**

SATANTA, KS — On January 9, 2025, a small fire occurred in the Activities Department of Satanta District Hospital. The small fire was quickly extinguished by our staff, thanks to their prompt response and training.

The fire alarm system functioned as designed, notifying emergency services immediately. We are pleased to report that no injuries occurred, and the safety of our patients, staff, and visitors was maintained throughout the incident.

We are also proud to share that no hospital services were disrupted as a result of the small fire. Operations across all departments remain fully functional, and we continue to serve our community without interruption.

We extend our gratitude of our dedicated staff for their swift actions in ensuring the safety of everyone at the facility. Their professionalism reflects our ongoing commitment to maintaining a safe and secure environment for all.
