BRIGHTEN-ALL CREAM

Pigment Corrector

Targets numerous skin imperfections, including uneven skin tone and discoloration due to aging. The cream is designed to fight visible signs of aging, firming and leaving the skin looking brighter.

Key Active Ingredients:

- Kojic Acid: Skin brightening. Inhibits an enzyme necessary in the production of melanin, helping to fade dark spots and discoloration. It also delivers some antioxidant protection and anti-inflammatory properties.
- Biomimetic Peptides: Encapsulated in phospholipids liposomes, decrease tyrosinase activity and melanin synthesis to reduce overall skin pigmentations.
- Bellis Perennis (Daisy) Flower Extract & Glycyrrhiza Glabra (Licorice) Root Extract: Powerful and safer alternative to hydroquinone, skin brightening, anti-inflammatory, contains antioxidant properties.
- Alpha-Arbutin & Arctostaphylos-Uva-Ursi-Leaf (Bearberry) Extract: Lightens dark spots, lessens the appearance of acne scars, and helps even out skin tone. Helps to prevent discoloration and hyperpigmentation.
- Retinyl Palmitate: Combination of retinol (pure vitamin A) and the fatty acid palmitic acid. Induces cellular turnover.

BRIGHTEN-ALL CREAM

Pigment Corrector

Targets numerous skin imperfections, including uneven skin tone and discoloration due to aging. The cream is designed to fight visible signs of aging, firming and leaving the skin looking brighter.

Application:

Smooth over the face and neck in the morning and night. Our Brighten-ALL cream works more effectively when used as part of a daily regimen.

A little bit goes a long way! Apply 1 pump to the desired area in both AM & PM.
