JAVE TIME! BIO-CELLULOSE MASK

Hydrating/Anti-Aging

Unique medical grade fiber mask that helps restore skin elasticity, structure, and suppleness. Immediate improvement to the skin spearing firmer, toned and sculpted. Hydrates and re-balances natural oils in the skin.

Key Active Ingredients:

- Hyaluronic Acid: Improves dryness, replenishes the skin, and provides structure and volume
- Palmitoyl Pentapeptide: Stimulates collagen and elastin production to reduce fine lines and wrinkles
- Glycerin: A humectant that draws and locks in moisture within the skin
- Vitamin E: A powerful antioxidant that neutralizes free radicals, moisturizes skin, and improves the appearance of visible skin aging
- Ascorbyl Palmitate: A Vitamin C derivative that improves the appearance of hyperpigmentation, reduces signs of aging, and supports collagen production

JAVE TIME! BIO-CELLULOSE MASK

Hydrating/Anti-Aging

Unique medical grade fiber mask that helps restore skin elasticity, structure, and suppleness. Immediate improvement to the skin spearing firmer, toned and sculpted. Hydrates and re-balances natural oils in the skin.

Application:

Cleanse and dry skin thoroughly. Apply mask, smoothing from the center outward, making sure of complete contact. Let remain for 20 minutes, then remove. Do not rinse. Massage the remaining serum into the skin.

Please Note: The Mask comes between two outer sheets. Remove the top sheet and discard. Place the mask onto the skin. Remove the remaining outer sheet and discard. Smooth mask over the entire face to ensure complete contact. Sit back and enjoy!
