RETINOL RENEWAL CREAM 0.05%

Anti-Aging/Exfoliation

Retinol Renewal Cream 0.05% is a multi-action approach that works to reveal smoother, softer, and brighter looking skin. Formulated with an advanced encapsulated retinol for improved efficacy and an enhanced time-release delivery system, this cream replenishes for more radiant, youthful looking skin.

Key Active Ingredients:

- Retinol: Encapsulated retinol is a time release molecule that penetrates deep into the skin's surface. Form of vitamin A that encourages cellular turnover, revealing healthier, softer skin while tackling blemishes, dark spots, softens the appearance of fine lines, wrinkles and uneven skin tone.
- Vitis Vinifera (Grape) Leaf Oil: Potent anti-inflammatory that helps soothe the skin. Also contains a high concentration of Vitamin E
- Niacinamide: Vitamin B3 works to visibly improve the appearance of enlarged pores, uneven skin tone, fine lines, and brightens
- Tocopherol Acetate & Ascorbic Acid: Vitamin E to help repair the skin and Vitamin C to brighten and fight signs of aging
