# The Finest in Woodtone Garage Doors

*Exclusively Offered by C.H.I. Overhead Doors*

At C.H.I. Overhead Doors, we believe garage doors should demonstrate both durability and class. Our Accents Woodtones garage doors are meticulously designed and manufactured using full color digital imaging and insulated steel to create the highest quality, most realistic woodtone doors available. Utilizing groundbreaking advances in design and technology, each Accents Woodtones garage door is as colorful and authentic as real wood.

## Beginning with the end in mind.

### Hand Select Premium Lumber

We start with carefully selected premium lumber that is milled with precision to uncover each board's unique grain pattern. Only the highest quality boards, chosen for their natural design and texture, become part of our Accents Woodtones family.

### Digitally Craft Each Door

High-resolution digital scanning captures each detail of the wood and allows our design engineers to digitally construct each door board-by-board. This craftsmanship provides a non-repeating grain pattern that reflects the true color and appeal of real wood.

### Flawlessly Create Every Section

In order to ensure the classic woodtone appearance, the finished product is treated with an industry leading UV topcoat, providing years of protection from the natural elements.

## OVERLAY CARRIAGE HOUSE SHORELINE

Shoreline offers the classic appearance and texture of real wood overlay doors without recurring maintenance.

### STYLE TYPE

Overlay
