P- Paramedic

Truck assignments will be given upon arrival

Ambucare now has a mandatory preceptor evaluation that you are required to complete at the end of every shift using the QR code below. Both Ambucare and I will receive copies of these evaluation forms. The QR code will also be available at the station as well.

I will be checking to ensure that everyone on the approved schedule completes these evaluations for every shift.

If you have any questions, please don't hesitate to reach out.
