MIDDLE SCHOOL AWARDS - MONTHLY VIRTUES

These awards are designed to recognize students who have performed in such a way as to warrant special honor.

The awards encourage students to see their own potential and inspire them to do the good, uphold the beautiful, and seek truth in every endeavor. When students see their peers being recognized, they see a real-life model and begin to understand how to strive for excellence. This virtue Award was created to honor individuals who lead with gratitude. Gratitude is the feeling of being thankful and appreciative for what you have. It means recognizing and appreciating the good things in life, like friends, family, and blessings. Virtue is a quality or characteristic that is good and right, like being kind and helpful. Together, gratitude and virtue help us appreciate the good things in our lives and treat others with kindness and respect. It is more than a recognition of kindness—it's a celebration of those who show up for others, especially in moments when it matters most.
