

Information on Credentials for The Physician Fellowship in Practice Management (PFPM)

Practice Management is a broad ranging term, which covers myriad areas dealing with the physician practice. It is primarily the *"business side of medicine"*, and the term is not defined to include true clinical areas. However, there are certainly clinically oriented practice management areas, such as quality assurance, which are applicable to the PFPM. The Physician Fellowship in Practice Management has been established for Physicians whose careers have advanced to the point where Practice Management issues have become as much a part of their practice as hands on medicine.

To apply for the Physician Fellowship in Practice Management status you must meet following qualifications:

- A. Physicians who have a minimum of 2 years of practice experience.
- B. Current involvement in one or more areas of practice management.
- C. Over the past five years, at least 40 hours (40 credits) of practice management education (CME or non-CME).
- D. If short the 40 hours, you may also accumulate additional credits for professional contributions (up to 2 credits), awards and professional designations (up to 2 credits), and association memberships (up to 2 credits).
- E. Attach photocopy of active state medical license.
- F. Attach your curriculum vitae or biographical sketch.
- G. Current membership in the American Academy of Medical Management.
