

# Experience the SunSetter difference

For over 35 years, SunSetter has been America's #1 best selling awning — when homeowners think of awnings, they think of SunSetter. Today we're still leading the industry by offering homeowners custom-built products without the custom-built price.

## Over 1 million satisfied customers

We have assembled and shipped over 1 Million awnings across the United States of America to become America's #1 best selling awning.

## Built with quality in mind

Each unit is built under the strictest quality control procedures to ensure that you will be completely satisfied with your awning. We challenge you to compare.

## We stand behind our product.

Our awnings come with up to a 10-year limited warranty and we're the only awning manufacturer that offers an optional All-Weather Warranty.\*

## Our awnings are built in the USA

All SunSetter Awnings are assembled in our McAllen, Texas factory.

## We partner with industry leading suppliers

- Somfy® motors
- Sattler & Sunbrella® Fabrics
- USA & European frame suppliers

## Extended lifespan with chain driven arms

Our lateral arm awnings feature dual stainless steel chain systems that resist corrosion and do not stretch like PVC coated cables offering durability and extended lifespan.
