3 Mattress Options

IC15 ActiveX™ Mattress.

IC15 ActiveX™ Mattress.

SKU: IC15

6" depth ActiveX material for firm and supportive sleep surface. Suitable for most sleepers.

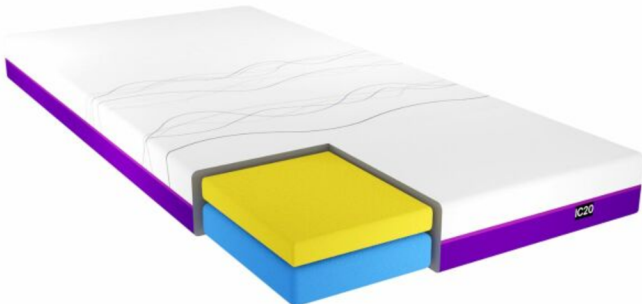

The IC15 firm mattress offers support and comfort. Firm feel makes it easier for turning. Pair with an Icare Beds or suitable on any base platform.

Pressure Care

This rating is based on our average peak pressure of <24mmHg. For some **high risk** clients Icare Zerotec covers are recommended.

Icare risk category ratings are based on average peak pressure, Therapist recommendation, case studies, industry comparison and the Waterlow scale. For some high risk clients Icare Zerotec covers are recommended. The best way to assess a client on a pressure reducing surface is to monitor pressure points with visual checks over a period of 5 days.

IC20 ActiveX™ Mattress.

IC20 ActiveX™ Mattress.

SKU: IC20

Most popular, medium feel 8" depth mattress. Comfortable but supportive.

Pressure Care

This rating is based on our average peak pressure of <19mmHg. For some **high risk** clients Icare Zerotec covers are recommended.

Icare risk category ratings are based on average peak pressure, Therapist recommendation, case studies, industry comparison and the Waterlow scale. For some high risk clients Icare Zerotec covers are recommended. The best way to assess a client on a pressure reducing surface is to monitor pressure points with visual checks over a period of 5 days.

IC30 ActiveX™ Mattress.

IC30 ActiveX™ Mattress.

SKU: IC30

High risk pressure care mattress with cooling foams and firm edge support for transfers and preventing roll-out. Request Quote Today. The IC30 Gel-Infused ActiveX™ Mattress with Charcoal and Firm Edge Support is designed to provide comfort, support and pressure care for a good night's sleep. The gel infusion in the mattress helps to regulate temperature, ensuring a cool and comfortable sleep surface. The addition of charcoal helps to absorb odors and moisture, promoting a clean and hygienic sleeping environment.

ActiveX™ is temperature and pressure sensitive which provides an optimum balance of immersion and envelopment creating a sleep surface with excellent support, comfort and very high level of pressure care.

Pressure Care

This rating is based on our average peak pressure of <19mmHg. For some **high risk** clients Icare Zerotec covers are recommended.

The best way to assess a client on a pressure reducing surface is to monitor pressure points with visual checks over a period of 5 days.

ActiveX™ Material & Mattress Protection

ActiveX™ Material

ActiveX™ is a high grade of elastic type foam which is responsive to temperature around inflamed areas. ActiveX™ will become softer as it becomes warmer. So around a pressure point it will always soften and allow the blood to circulate freely.

Mattress Cover Options

Icare ActiveX™ Mattresses are available with a variety of covers depending on your independent needs. The standard Bluetec Cover is woven with a cooling yarn to help with body temperature, and has an anti-shear layer to assist with bed mobility. The Fitted Sheet Style Mattress Protector acts as a hygiene barrier and is easy to remove and wash. The Fully Enclosed Mattress Cover covers all six sides of the mattress, and closed with a zipper - a hygiene cover to prevent mattress soiling. The Medical Grade Zerotec Cover is designed for users with incontinence, can be easily wiped down, and prevents body fluids from seeping into the mattress. with welded seams and drip cover.
