TREATED

24/7 HYGIENIC PROTECTION

Diamon-Fusion® is a protective coating that chemically bonds to the glass creating an environmentally safe, protective barrier that works round-the-clock to keep shower glass cleaner for longer and inhibits the growth of harmful microbes.

LIFETIME PROTECTION AGAINST BACTERIAL GROWTH

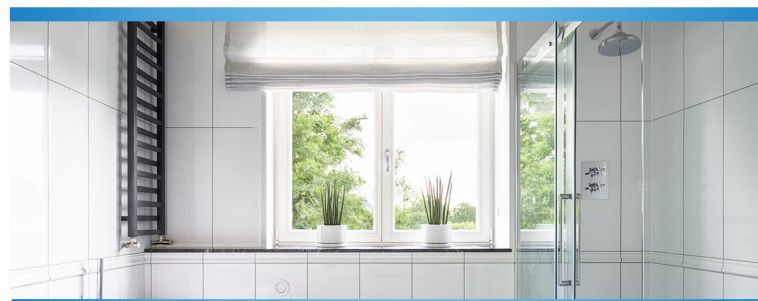

Shower glass treated with **Diamon-Fusion®** protects the glass and reduces the presence of harmful contaminants. Any microbes that remain on the glass can easily be washed away.

ROUND-THE-CLOCK PERFORMANCE AND PROTECTION

Diamon-Fusion® permanently bonds to the glass and continuously helps protect against the buildup of mold and mildew. The coating is also backed by a lifetime warranty.

ENHANCES HOTEL AND RESIDENTIAL SHOWER GLASS

Give hotel patrons and homeowners continuous peace of mind by adding an extra layer of cleanliness to your shower glass. **Diamon-Fusion®** works on virtually any type of glass.

PROMOTES A CLEAN AND SAFE ENVIRONMENT

Diamon-Fusion® helps promote a more hygienic environment by eliminating the need for harsh chemical cleaners and addressing water buildup to lessen bacterial growth.
