***FACTORY INSTALLED ADVANCED PROTECTIVE GLASS COATING TECHNOLOGY
THAT LASTS UP TO 15 YEARS***

Value-Added Benefits of Protected Glass

- 92.9% improved scratch resistance
- Repels water, soil, acid rain, and mineral buildup
- Minimizes fingerprints
- GREEN maintenance using ONLY WATER!
- Eliminates the need for harsh chemicals or abrasives
- UV & corrosion resistant
- 15 year warranty on protective treatment

Pioneering Durable Micron-thin Soil, Stain and Scratch Resistant Technology for Glass

Unelko has more than 45 years in the research, development and manufacture of specialty cleaners, water repellents and protective coatings for the preservation, enhancement and easy-clean benefit of glass and other surfaces. The advanced Invisible Shield® PRO 15 Glass Coating provides a durable, molecular bonded anti-corrosion, “easy clean” finish that extends the aesthetic life, long-term performance, clarity and appearance of glass for up to 15 years.

WHY GLASS NEEDS TO BE PROTECTED

Glass is not corrosion resistant. Its very nature is hydrophilic or water, moisture, soil and stain accepting. It has many irregular hills, peaks and valleys that trap and hold moisture, pollution and other inorganic contaminants that build-up and chemically attack and weaken glass causing stains, pitting, etching and other permanent damage.

Invisible Shield PRO 15 seals glass to improve the natural characteristics without changing its physical appearance or transparency. It preserves and protects glass against excessive exposure, staining, pitting and fine scratches that can result from transportation, improper handling and cleaning, environment, water, heat, humidity and exposure to pollution and other contaminants.

INVISIBLE SHIELD PRO15 PERFORMANCE WARRANTY

Product Warranty: Unelko warrants Invisible Shield PRO 15 to the original end user, that when applied and maintained as directed, will perform as represented and claimed. This warranty is NOT transferrable. The product warranty does not extend to or cover misapplication or misuse of the product, including the use of abrasive or harsh cleaners or application tools, excessive soiling from lack of proper cleaning or neglect; wear and tear of the surface resulting from prior damage and exposure to extreme weathering or abrasion. Refer to the maintenance guidelines shared in this document, and online at www.GlassCareExperts.com or direct to <https://glasscareexperts.com/our-guarantee/>

To activate this warranty, the end-user must register the product application directly on line with Unelko Corporation.
