

Social Media Informed Consent

ProRehab is please to participate in social media outlets such as Facebook, Instagram, and our website www.ProRehabFargo.com. Through these venues we share staff pictures, office updates, new contests, and other fun and helpful events or updates that benefit our patients. With the expressed permission of our patients, we are pleased to share posts welcoming new patients to our practice, congratulating patients completing their treatment, and posting their experiences on our pages.

- I give my consent to allow ProRehab to post updates or photographs of me/my child on social media.
- I do not give consent to me/my child's information being shared on social media.
