Pharmacy Change

We are always striving to provide the highest quality of care in the most effective and affordable way possible.

To help streamline our pharmacy services and offer a more cost-effective option for everyone, we have decided to change our house pharmacy from PharMerica to Lifeline Pharmacy.

Throughout this month, we will be working to ensure everything is set up for a smooth transition, with the change becoming effective February 1st. We will be providing Lifeline Pharmacy with each individual's insurance information and contact details to complete the setup process.

Please note: anyone who currently uses their own or a separate pharmacy will continue to do so without any changes.

If you have any questions or concerns, please feel free to reach out to Regena or Michelle.

WELCOME!
