KEEP YOUR POOL FLOOR AND COVE CLEAN WITHOUT THE CORD

Powerful and compact, the Polaris® PIXEL™ cordless robotic cleaner cleans the floor of small, simple pools with flat bottom or gentle slope, in just 1.5 hours without the clutter of a cable laying across your backyard.

For small, simple pools with a flat bottom or gentle slope (up to 30ft.)

ONE TOUCH TO START

Slide the power button, place PIXEL into the water and it goes to work

QUICK AND EASY CLEANING

One mode to completely clean the floor and cove of your pool in just 1.5 hours

WALL-SIDE PARKING

Waits on the pool floor at wall for easy retrieval with hook or floating leash

COMPACT AND LIGHTWEIGHT

Easy to handle for powerful cleaning of pools with flat bottom or gentle slope
