MORNING TIME.  
BEDTIME.  
ME TIME.  
IN THE NICK OF TIME.

Few relationships are as intimate as the one you share with your bathroom. And yet, despite your constant attention and best of intentions, wire baskets overflow with towels and toiletries, while appliances hang listlessly from vanity tops. Something needs to change. Today. We're here for you with wonderfully functional, incredibly durable and surprisingly affordable cabinetry for the bath. Each designed to maximize storage space while matching your unique style. Homecrest® for the bath—beautiful cabinets, perfect timing.

Close your eyes and imagine the perfect blend of masculine and feminine; city and country; edgy and relaxed; expansive and intimate. Open your eyes and you are home. Take in your space and enjoy the view.

## THE IDEA: LOFTY INTENTIONS

## THE IDEA: NATURAL FLIRT

Yes, a bathroom can turn on the personality and charm when it's decked out with all the right details -- warm finishes, artful curves and angles, a bit of shine, and plenty of natural light. Hello gorgeous, and good morning to you! It's going to be a great day.

Rise and shine, imagination. It's time to soak up the Shaker-inspired door and drawer fronts (or complete lack thereof). Plus, decorative feet have furniture-grade written all over them.

## THE IDEA: REAL EYE OPENER

## THE IDEA: CLEAN SLATE

Interesting how worries wash away the moment you enter a newly remodeled bath. Here everything is in its place—you included. Even darker hues feel warmer when bathed in natural light and surrounded by pearly whites.

## THE IDEA: JUST ACT NATURAL

Function is the new fashion. Budgets are skinnier. And McMansions are, oh, so last decade. When something looks this good and works so well, there's no need to put on airs or major additions.

We can't all be morning people. However, we're confident you'll grow to appreciate your senses being awakened by clean lines and modern accents, with grooming essentials thoughtfully tucked away, yet conveniently at your fingertips.

## THE IDEA: STEP IT UP

## THE IDEA: MIRROR IMAGE

The trick to a successful relationship is the ability to meet in the middle while maintaining your individuality. The same thought applies to bath design, as we demonstrate how to squeeze the most function out of your space without compromising on form.
