Competition	Play Ball!	Play Ball!	Play Ball!
Competition	Adv Tumblers	Adv Tumblers	Adv Tumblers
	DETAILS	ARE	BELOW
<b>Step ONE:</b> Find your child's class(es) on the show lists! What if my child or their sibling(s) classes are listed in different shows? <del>NO PROBLEM!</del> The Christmas Show is less formal than our normal recital, so it is not a problem to change their suggested show as long as the same style class with the same routine is listed in your show of preference! Please only do so if there is a conflict in show times. We do not need to know they are changing shows.			

**Step TWO:** If your child is in Musical Theater PLEASE PICK ONLY ONE SHOW TO ATTEND

**Step THREE:** What if I cannot make the Christmas show because my family is already celebrating the holidays? Not a problem, this show is completely optional and is not mandatory. We do not need to know if your child is not participating. We hope they do though because it is so much fun and a super special memory!

**Step FOUR:** How do I purchase tickets to attend? Everyone whose account is UP TO DATE on Dec 9 will receive a link that evening. The next morning at 10am the link will go LIVE. Your friends and family can also purchase tickets through this link. They are \$10/each + a processing fee. Seating is general admission and is bleachers. We do reserve the first row for handicap for those who are in need. There is not a limit on tickets that you purchase but they are NON REFUNDABLE. They DO sell out!! Performers do NOT need a ticket. Children under 3 still need a "lap seat" ticket for capacity reasons. We do have capacity limits so once we hit that amount we CANNOT sell any additional tickets and you will have to switch to another show.

**Step FIVE:** What do the kids wear? To go with our show theme, A Very Merry 3d Christmas Showcase, we encourage kids (and audience!!!) to wear Disney Christmas attire ! On their feet they can wear sneakers for hip hop, ballet shoes for ballet, barefoot for gymnastics and your choice for musical theater!

**Step SIX:** What do we do the day of the show? EASY! All doors open a half an hour prior to showtime to all performers and guests. Simply show up at your assigned time (not before please to allow for set-up and exit between shows) Once you arrive you will seat your child with their class and find a seat with your family. It is important to know the name of your Childs dance on the chart above because that is the sign your child will sit under. If they are nervous they are also welcome to sit with you, or you sit and hang with them! Once you are seated with your family the next part is the best part- sit back and watch all that your kids have learned so far! Be PROUD, take pictures and videos and lastly, cheer as loud as possible. Children will remain seated with their class the entire show. Once the finale is complete (ALL PERFORMERS ARE ALSO IN THE FINALE) we will dismiss by having one grownup come down to pick up their child(ren)

\*If your child is in multiple classes please sit them under the first routine. If they are ages 4-5, please move them to their next routine after the first one is finished! (the above structure is NOT the order of the show, you will see it on the wall upon arrival!)

**What is the point of the Christmas show?** Due to our studio being structured the way it is parents do not always get to view class. Plus we prioritize developing independence at such a young age at 3d. This helps them to adjust to daycare, preschool etc and learn to take direction from someone other than mom and dad! We value this show because it is the kiddos time to SHOW OFF! You get to see all that they have learned over the last few months. I always stress to not have expectations! Dancing and Tumbling in front of such a huge audience can be quite intimidating! Encourage, cheer and send lots of love from the bleachers!

LAST! We anticipate for each show to be roughly 60-75 minutes with a possible intermission! Thank you for reading all of this!
