Competition	Pump it Up	Pump it Up	Pump it Up
Competition	Cowboy Club Production	Cowboy Club Production	Cowboy Club Production

Note 1: Find your child's class(es) on the show lists! **What if my child or their sibling(s) classes are listed in different shows?** NO PROBLEM! The Christmas Show is less formal than our normal recital, so it is not a problem to change their suggested show as long as the same style class with the same routine is listed in your show of preference! We do not need to know they are changing shows.

Note 2: **If your child is in Musical Theater ages 4-7 or Musical Theater ages 8-11 PLEASE PICK ONLY ONE SHOW TO ATTEND.** (this is YOUR choice)

Note 3: **What if I cannot make the Christmas show because my family is already celebrating the holidays?** Not a problem, this show is completely optional and is not mandatory. We do not need to know if your child is not participating. We hope they do though because it is so much fun and a super special memory!

Note 4: **How do I purchase tickets to attend?** Everyone whose account is UP TO DATE on Dec 13 will receive a link. On December 13 at 10 am the link will go LIVE. Your friends and family can also purchase tickets through this link. They are \$11/each + a processing fee. Seating is general admission and is bleachers. We do reserve the first row for handicap. There is a limit of 2 tickets per family for the first 24 hours. After 24 hours you may purchase additional tickets. This is so that everyone has the opportunity to purchase tickets for their 2 grownups. Please remember tickets are NON REFUNDABLE. They DO sell out which is why we implement the limit for 24 hours!! Performers do NOT need a ticket. Children under 3 still need a "lap seat" ticket for capacity reasons. (those are free) We do have capacity limits so once we hit that amount we CANNOT sell any additional tickets and you will have to switch to another show.

Note 5: **What do the kids wear?** To go with our show theme, North Pole Rodeo, saddle up and step into your best festive cowgirl or cowboy attire! Please note, we do not suggest hats or headbands for gymnastics routines! Please remember that whatever your child wears, they need to be comfortable and be able to move! On their feet they can wear sneakers for hip hop, ballet shoes for ballet, barefoot for gymnastics/contemporary and your choice for musical theater!

Note 6: **What do we do the day of the show?** EASY! All doors open a half an hour prior to showtime to all performers and guests. Simply show up at your assigned time (not before to allow for set-up and exit between shows) Once you arrive you will seat your child with their class and find a seat with your family. It is important to know the name of your Childs dance on the chart because that is the sign your child will sit under. If they are nervous they are also welcome to sit with you, or you sit and hang with them! Once you are seated with your family the next part is the best part- sit back and watch all that your kids have learned so far! Be PROUD, take pictures and videos and lastly, cheer as loud as possible. Children will remain seated with their class the entire show. Once the finale is complete (ALL PERFORMERS ARE ALSO IN THE FINALE) we will dismiss by having one grownup come down to pick up their child(ren)

***If your child is in multiple classes** please sit them under their first routine. If they are ages 4-5, please move them to their next routine after the first one is finished! (the show listing is NOT the order of the show, you will see the order on the wall upon arrival!)

What is the point of the Christmas show? Due to our studio being structured the way it is parents do not always get to view class. Plus we prioritize developing independence at such a young age at 3d. This helps them to adjust to daycare, preschool etc and learn to take direction from someone other than mom and dad! We value this show because it is the kiddos time to SHOW OFF! You get to see all that they have learned over the last few months. I always stress to not have expectations! Dancing and Tumbling in front of such a huge audience can be quite intimidating! Encourage, cheer and send lots of love from the bleachers!

LAST! We anticipate for each show to be roughly 60-75 minutes! Thank you for reading all of this!
