A SINGLE SOLUTION FOR TWO INSTALLATION NEEDS

This versatile porcelain unit is processed on both sides to give you maximum flexibility and design freedom. Unico can be used as a step and as a coping for swimming pools. With a rounded, bullnose edge or straight edge, this uniquely functional border piece looks great from every angle.

A photograph of a swimming pool with a tiled deck and a lounge chair. The pool water is a vibrant blue, and the tiles are a light beige color. A lounge chair with a curved wooden backrest is positioned on the deck. The text 'UNICO STEP & COPING' is overlaid on the right side of the image.

EASY STYLE WITH BORDERS

Borders and banding can take your project to a whole new level. Ask your Belgard Authorized Contractor about complementing border options for your project.

Contact your Belgard Representative for availability and lead times.

ACCENTUATE STYLE

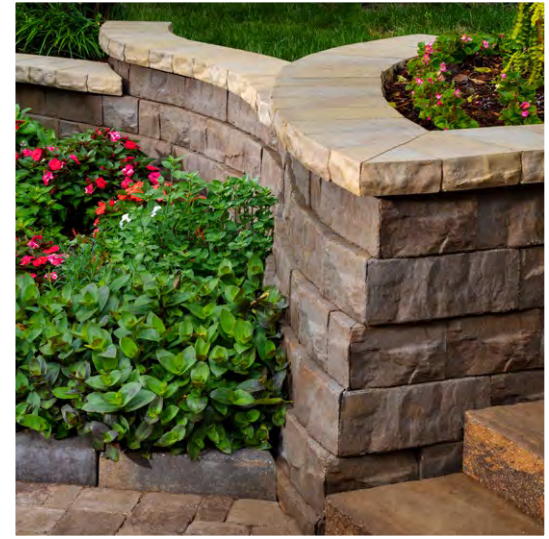

Using the same paver but at a different angle or choosing a contrasting color can add personality to your outdoor space. Introducing different shapes and textures can add richness and drama to even the simplest design.
