BRING THE OUTSIDE IN

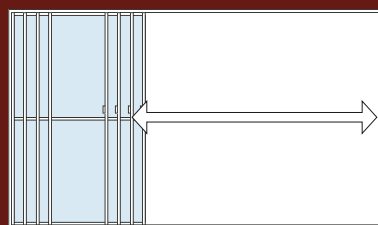

HORIZONTAL WINDOW SYSTEM

The WeatherMaster® Horizontal 2 and 4-Track Window System closes to reduce wind, rain, pollen & sound. These units move effortlessly, sliding right or left to allow a generous 50% to 75% ventilation. Designed specifically for porches, screen enclosures or even gazebos, the WeatherMaster® system is easily installed and can convert any of these areas into your favorite 3 season room in the house.

H2T
Horizontal 2 Track

H4T
Horizontal 4 Track
(with options for 3 or 4 Panels)

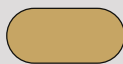

Spring loaded vents lift out easily for simple cleaning & storage
