QUOTE PAGE

"It's amazing what you can accomplish if you do not care who gets the credit."

—Harry S. Truman

"Those who deny freedom to others, deserve it not for themselves."

— Abraham Lincoln

"Quote of the Month"

"I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him."

— Abraham Lincoln

"If your actions inspire others to dream more, learn more, do more, and become more, then you are a leader"

— Quincy Adams

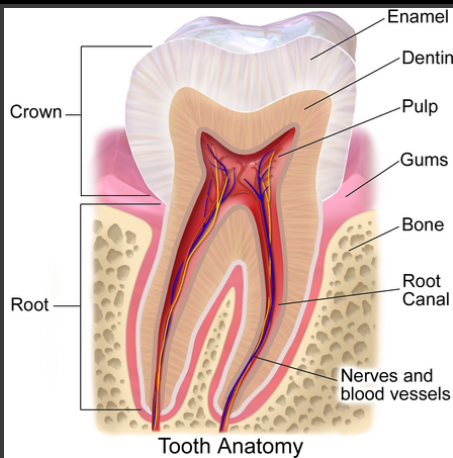

"Let us not seek to satisfy our thirst for freedom by drinking from the cup of bitterness and hatred."

— Martin Luther King Jr.

Did you know?

Joke of the month

Did you know?

***Human teeth are the
only part of the body
that can't heal
themselves***

Teeth are actually made of enamel, not bone, which cannot spontaneously regenerate.

Teeth also do not have a source of oxygen or blood in them so they cannot heal or repair themselves.

***What does a
nosey pepper
do?***

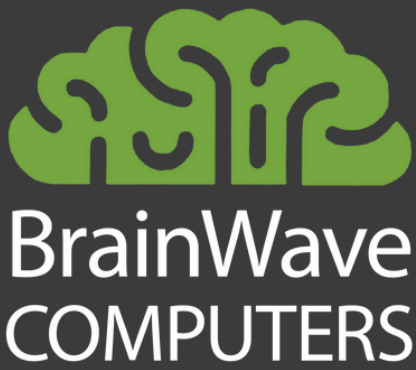

***It gets jalapeño
business***

***Shower Thoughts are the
Best!***

If you feel like you have better ideas and can think better while you are in the shower, you could be correct!

Not only are showers refreshing and relaxing but they give us time to relax and not focus on the distractions in life. The heated water increases the flow of dopamine in our bodies which can make us more creative!

Tech Tip of the Month!

Get a second (or third) monitor!

Whether you are a student, gamer, employee, or owner of a company you know how valuable time is. Being able to make the most efficient use of your time will allow you to get more work done and also have more time for yourself.

Setting up more than one monitor is one of the best investments you can make and it will provide a huge return on investment.

According to a 15-year study conducted by Jon Peddie Research dual monitors have been proven to increase productivity by a whopping 42%! A study noted by Dell found that users completed basic computer tasks 2.5 seconds faster using two screens instead of one because the amount of screen space affects everything you do on your computer. It actually cuts down the time it takes looking for documents by 5%.

To put this into context, 68% of the workers surveyed claimed that they spend about 30 minutes a day switching between apps. Having multiple screens allows you to have multiple windows open at the same time and when done properly can almost eliminate the need to switch back and forth between apps.

"On my desk I have three screens, synchronized to form a single desktop. Once you have that large display area, you'll never go back, because it has a direct impact on productivity." — Bill Gates

BrainWave Computers has monitors and monitor stands available right now!

Employee of the Month!

Congratulations to our June employee of the month
Isaiah Blazer!

TECHNICIAN EXTRAORDINAIRE

If you could have one superpower, what would it be?

"If I could have one superpower, it would be super speed. I would love to be able to get things done quickly and now that I think about it, I would save quite a bit of money on gas!"

If you won a million dollars, how would you spend it?

"If I won a million dollars, I would spend the majority of it on purchasing and paying off a house so that I can give my family an easier life and a debt free future. "

WHAT IS YOUR FAVORITE THING ABOUT WORKING FOR BRAINWAVE COMPUTERS?

My favorite part of working for BrainWave is seeing the look on customers' faces when their device, that they thought was long dead, is in working condition. I also really enjoy taking the role of a detective and troubleshooting the root cause of a problem. With the variety of repairs that we do at Brainwave, I am kept on my toes!

Employee of the Month!

If you could send your 10 year old self a short message what would it be?

"My message would be: 'Don't waste your life doing things that don't matter and pursuing things that will not satisfy you. Instead, pursue the things that are actually meaningful and will truly satisfy.'"

Who has been the most impactful person in your life?

"The most impactful person in my life is definitely my youth pastor Mike Dodd. He has shaped me and helped me to grow up as a man and become the person who I am today."

IF YOU WERE STRANDED ON AN ISLAND WITH ONLY ONE OTHER PERSON, WHO WOULD IT BE?

"If I were stranded on an island with only one person, it would be my grandpa, he has extensive knowledge of hunting and fishing and I really just enjoy spending time with him. If we were stuck on that island together, we wouldn't be there long!"

WHAT DO YOU DO IN YOUR SPARE TIME?

"In my spare time I like to build and I work with metal, wood, and sometimes stone. My favorite hobby that uses a little bit of all these skills is knifemaking. This hobby has caused me to continue my education and work on getting a degree in mechanical engineering."
