			Silver 13 Air Conditioner[†] Up to 13.4 SEER2

[†] AccuComfort™ Platinum 18, Silver 13 and Silver 14 Air Conditioners do not meet ENERGY STAR requirements

This product meets ENERGY STAR requirements when appropriate coil components are used. Ask your dealer for details.

Select models include innovative American Standard Link™ technology, which communicates between system components. Simply opt in through the American Standard Home™ app to have your system's data remotely monitored for even the slightest system changes – letting you relax and enjoy the exceptional comfort your variable speed system provides.

Lower Global Warming Potential

To minimize environmental impacts, the HVAC industry is transitioning to Lower Global Warming Potential (GWP) refrigerants. American Standard's newest lineup of equipment designs harnesses this next-generation technology to maximize your year-round comfort while innovating for a sustainable future. Talk to your local American Standard dealer to learn more about your best options.

PLATINUM SERIES

Our most efficient model, American Standard Heating and Air Conditioning® Platinum Series, includes innovative American Standard Link™ technology to control all of the system components. The quiet, high-efficiency Duration™ variable speed compressor runs at lower speeds for longer periods of time—with multiple speeds providing precise temperature control while saving on energy bills.

GOLD SERIES

American Standard's Gold Series air conditioners feature Duration compressors that adjust compressor speed to extend capacity at extreme temperatures, providing more capacity when it's needed and more efficiency when it's mild. As with the Platinum Series, our proprietary Spine Fin™ coils ensure efficient heat transfer and provide excellent durability.

SILVER SERIES

Silver Series air conditioners from American Standard keep your home cool by pairing hardworking, Duration compressors with the same Spine Fin coils found in the Platinum and Gold models.

AWARD-WINNING EXCELLENCE.

Top Tier Owner Satisfaction for Gas Furnaces

"National Product Testing and Research Magazine"

In 2019 and 2021 Summer Surveys of 36,348 gas furnaces, owned by members who purchased a new gas furnace [unit] between 2005 and 2021, American Standard gas furnaces were rated Top Tier in Owner Satisfaction.

Top Tier Owner Satisfaction for Heat Pumps

"National Product Testing and Research Magazine"

In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Owner Satisfaction.

Top Tier Reliability for Heat Pumps

"National Product Testing and Research Magazine"

In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Reliability.

Top Tier Owner Satisfaction for Central Air Conditioning

"National Product Testing and Research Magazine"

In a survey based on the proportion of members who are extremely likely to recommend their central air conditioning system to friends and family found American Standard Central Air Conditioning Systems' to be Top Tier in 2018 and 2020 Summer Surveys of 23,997 central air conditioning systems, owned by members who installed a new system between 2005-2020.

WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we've made some of the most awarded, well-engineered heating and air conditioning equipment, and earned a reputation for doing things ...right. And through it all, we've followed a pretty simple idea: "A Higher Standard" isn't just how we build our products. It's how we build our relationships with the customers who depend on us every single day.

A CLOSER LOOK

AccuComfort™ Platinum 20 Air Conditioner

Appliance-Grade Finish

Durable powder-painted louvers resist rust and corrosion, eliminate sharp edges and provide years of lasting protection.

American Standard Link™ Communicating Control Board

Maintains consistent comfort and efficiency by powering the compressor and controlling communication between all components of the system.

Heavy-Duty Steel Louvered Panels

Protect the coil from dirt and damage while providing substantial airflow.

Durabase™ Basepan

Built to resist cracks, rust and corrosion.

SermaGuard™ Rust-Resistant Screws

Zinc-coated for corrosion resistance and longer life.

Variable-Speed Fan Motor

Adjusts speed based on cooling requirements for higher efficiency and quieter operation.

All-Aluminum Spine Fin™ Coil

An exclusive design makes it extremely efficient at transferring heat and highly resistant to corrosion.

Compressor Sound Enclosure

Reduces operating noise for a quieter home environment.

Duration™ Variable Speed Compressor

Automatically makes constant, minute adjustments to avoid temperature swings in your home and maintain consistent comfort and optimal efficiency.

All Weather™ Top (Optional Accessory)

- Available as an accessory and aftermarket kit
- Keeps snow, rain, leaves, and debris out
- Reduces icing during severe operating conditions
- Additional protection for small children playing near unit

*An American Standard UX360 Smart Thermostat and system controller is required for all Platinum 20 and Platinum 18 air conditioners.

Features and components may vary by model and are shown for illustration purposes only.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at americanstandardair.com or by phone at 855-260-2975, otherwise American Standard Heating & Air Conditioning's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on americanstandardair.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

COMFORTABLE. RELIABLE. EFFICIENT.

Optimize the comfort and efficiency of your home with the American Standard Home smart comfort system. The American Standard Home mobile app gives you remote access to your HVAC system through your connected American Standard smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

American Standard Home connects to your American Standard HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at AmericanStandardAir.com/home-subscription.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². So, AccuClean® utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. The AccuClean® Whole Home Air Cleaner, when used in accordance with manufacturer's directions, is effective at removing a surrogate for the virus that causes COVID-19. Effective removal rate based on independent testing results using MS-2 bacteriophage, a bacteria representative of virus-sized particles like SARS-CoV-2 that causes COVID-19. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵.

Certified by the Asthma and Allergy Foundation of America.

With more than 65 million Americans suffering from asthma and allergies, this certification mark guides consumers in identifying products more suitable for people with asthma and allergies. The **asthma & allergy friendly**® Certification Mark is awarded only to those products that are scientifically proven to reduce exposure to asthma and allergy triggers.

American Standard AccuClean® is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.⁶

¹ The National Human Activity Pattern Survey (2001)

² U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)

³ Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁴ As reported by airmid healthgroup in ASCR092142v2 (2015)

⁵ Assuming <1% removal rate of 0.3–10 micron particles

⁶ Verified Zero Ozone per UL 2998, Intertek Certificate #: ZOZ-90113-2023

WE OBSESS OVER IT. SO YOU DON'T.
