## Bogeys, Birdies & Beer

### Nana's Revenge, Walking the Plank, & Taking a Shot or Two for the Team

**Bogeys, Birdies & Beer** is an annual golf tournament—where just like all of Shaker's tournament it's spectacle where every round spins into a story. Birdies bring bragging rights & kisses, bogeys get heckled, and beers cheer up the winner & the losers. Shaker is the epitome of fun, where laughter roars across the fairways and friendships are forged that last a lifetime.

It's never just about the scorecard—it's about the antics. Walking the plank, taking a shot or two in good fun, and—this year—*Nana's Revenge* emerged, adding another dynamic to the already fun times. More than a game, *Nana's Revenge* was a full-blown roast of the membership. Caricatures flew fast and funny, ribbing everyone from the pro to the kitchen staff, from members to guests. No one was safe, and that was the joy of it. Shaker humor at its finest—a reminder that laughter is the glue that keeps this family together. From belly laughs on the links to legendary tales after the round, every moment becomes part of Shaker lore.

At Shaker Farms, golf is more than a game—it's the heartbeat of a family of fun. Fairways are inviting, greens roll true, but the real reason people belong isn't the swing of the club—it's the stories shared after a round and the friendships that grow stronger with every tee time.

Shaker is where memories are lived, laughed, and loved.

Woven with joy, jokes, and journeys shared, it isn't just a country club, it's a community—where every member is part of the family.
