

Our Commitment

We know firsthand what it's like to try to find the best care solution for a loved one. In fact, **Specialty Care Services** was founded on the premise that everyone should have the opportunity to receive the highest possible quality of care at home—with the attention to detail, open communication and exceptional care you'd expect from family.

Locally owned and operated and with decades of in-home care experience, we've made it our goal to provide extraordinary customer service, and we're dedicated to delivering the most attentive, professional and skilled care team to address any concerns now, and to proactively plan for the future.

Specialty Care Services is licensed by the Maryland Department of Health, bonded and insured. We are also a BBB accredited and A+ rated company.

Our Service Area

Since 2000, **Specialty Care Services** has provided compassionate, expert and highly customized care to those in need of support to live safer and more independent lives. Our services are available throughout Montgomery, Howard, Frederick and Prince Georges counties in Maryland, as well as Washington, DC and northern Virginia.

Offering both nursing and non-medical care services, we're available to attend to your needs 24 hours a day, 7 days a week and to answer any questions you might have at any time. We also offer a complimentary in-home consultation with one of our registered nurses who will develop a customized plan of care. To learn more, contact us at **301-585-6300**.

About Us

At **Specialty Care Services**, we go the extra mile for you to ensure each of our caregivers and nurses has met the following criteria:

- Professional licensure in good standing
- At least two years of health care experience (and at least one year of experience in older adult care or at a hospital)
- Current physical, CPR certificate and TB test
- Successfully passed a rigorous background screening/interview process

Once hired, our care team members are fully bonded, insured and trained to deliver the highest quality care. We offer our clients the opportunity to select from several carefully matched caregivers to determine which one they're most comfortable with—resulting in a strong and lasting bond, as well as peace of mind for their loved ones.

Our Services

Each individual has unique needs, and we offer a wide range of services to meet those needs. We take time to truly listen during our in-home RN consultation, and then prepare a customized plan of care that may include services such as:

Non-Medical Care (CNAs and GNAs):

- Personal care, such as assistance with bathing and dressing
- Companionship and engagement in life-enriching activities
- Meal planning, preparation and help with eating
- Light housekeeping and laundry
- Medication reminders
- Accompanied transportation to medical appointments, community outings, etc.
- Running errands
- Help with walking and transferring
- Respite care
- And more

Skilled Home Health Care (RNs and LPNs):

- Chronic disease care
- Wound care
- Cardiac/respiratory care
- Post-operative care
- Tube feedings
- Injections
- Specialized care for those with Alzheimer's and other types of dementia
- And more

Geriatric Care Management (LCSW-Cs):

- Care planning consultations
- Screening, arranging and monitoring home health care services
- Family intervention, counseling and support
- Serving as liaison to families out of town
- Reviewing financial/legal issues and offering referral information
- And much more
