WINNING THE FIGHT OF YOUR LIFE!  
Providing one-on-one brain tumor support

## One-On-One Brain Tumor Support...

You've got what it takes to win this fight!

## Greg's Mission welcomes three new board members!

**Randy Broadrick** has worked in the entertainment industry in the field of corporate security management for the past 20 years for three recognized entertainment companies operating in Los Angeles, California. In early 2015 a very close friend of Randy's was diagnosed with a Grade IV Glioblastoma (GBM) brain tumor. In his quest to find out more about GBM he learned about Greg and his mission and felt an immediate need, wanting to do something more to help others. After many conversations between Greg and Randy over a period of time a friendship developed. Randy was asked to join the Board of Greg's Mission, and he willingly accepted.

**Sarah Madsen** is in-house counsel for ACT, Inc., where she serves as lead legal counsel to the Education & Career Solutions, Corporate Systems and Contract Administration business units, and manages all litigation matters for the company. Sarah has always been actively engaged in her community, and benefits Greg's Mission with her non-profit expertise and passion for paying it forward. She serves on the Board in celebration of Greg's victory over brain cancer, and in memory of her former law partner and mentor, Larry King.

Picture coming soon!

**Brian Wegmann** serves as the CEO of NuCara. Brian's ties to the pharmacy business date back to 1991 when he first joined NuCara Pharmacy in Dyersville, Iowa. Following college, Brian's role in NuCara expanded eventually becoming Assistant Operations Manager in 1997. In 2006, Brian was named Chief Executive Officer of NuCara. Under Brian's leadership, NuCara has grown to include 25 pharmacies throughout the Midwest. Today Brian continues to serve as the CEO of NuCara and is working diligently to continue the transformation of NuCara into a more complete health care company, centered on the goal of keeping NuCara's patients independent, active and healthy.

### *Save the date!*

*The 2<sup>nd</sup> Annual Go Gray in May Gala!*
