

Lights & Sirens

2026 Price Book

M130 EFFECTIVE JANUARY 2026

**Safety in
this moment.**
That's Federal Signal Strength.

RISK REDUCTION IN EMERGENCY RESPONSE

How Emergency Vehicle Warning Lights and Sirens Reduce the Risk of Accidents

When every second counts, first responders face significant risks—to their own safety and to the public’s. Emergency vehicle warning lights and sirens deliver clear, visual, and audible warning signals that help drivers and pedestrians detect, recognize, and respond.

It is all about safety in the moment—reducing accidents and making emergency responses safer.

WHAT ARE THE RISKS?

Risks to first responders and the public during an emergency response include:

- Physical Risks**
 Risks of injury or death due to vehicle accidents or delayed response
- Financial Implications**
 Increased property damage when emergency vehicles are delayed, increased insurance premiums, and downtime for out-of-service emergency vehicles.
- Legal Exposure**
 Potential for lawsuits and liability for municipalities and departments.

4 ELEMENTS OF RISK REDUCTION

An understanding of the factors associated with an effective vehicular emergency warning system can minimize risks.

Awareness of Human Factors

Humans process signals in three phases: detection, recognition, and response.

Proper Installation, Operation, and Maintenance

Ensuring the right system is installed, operated, and maintained for optimal safety.

Suitably Engineered Equipment

Choose and specify the products and technologies designed and best suited for your vehicle’s specific vocation or application.

Knowledge of Industry Standards

Become familiar with the organizations that have established minimum performance standards for emergency warning devices.

HUMANS PROCESS SIGNALS IN THREE PHASES

- Detection:**
 The driver’s initial awareness of a signal
- Recognition:**
 The driver determines what the signal is and what it means.
- Response:**
 The driver modifies behavior.

LIMITED WARRANTY TERMS AND CONDITIONS 74

General Notes

1. All voltage is 12 Vdc unless marked otherwise. Contact the factory for pricing and availability of 24 V models.
2. A copy of the Federal Signal warranty and Terms and Conditions that accompany these products can be found at www.fedsig.com.
3. Base models of light bars and other configured products are not available without installed options.
4. For detailed information on how to order, consult the product data sheets or contact the factory at 800-264-3578.
5. When installing equipment inside airbag-equipped vehicles, the installer must ensure that the equipment is installed only in areas recommended by the vehicle manufacturer.
6. Pricing subject to change without notice.

Notes

- All SLR rotators spin at 90 FPM
- Flood operation may negate NFPA compliance

Vision® SLR

- Unique non-linear, V-shape light bar
- Available in 46", 53", and 60" lengths
- Single-, dual-, tri-, and quad-color combinations available
- Left-flood, right-flood, full-flood, alley lights available
- (15) flash patterns
- 12 Vdc
- Aerial view allows emergency vehicle to be seen
- Jogging capability allows user to adjust rotator illuminating an area
- Individual pod replacement for easy service

All Federal Signal light bars may be permanent or hook-on mounted. When using a hook-on mount, a separate hook kit is required for the make, model and year of your vehicle. Use the hook kit reference guide to find your vehicle's appropriate hook kit. Measurements for the roof width are determined by the style of the vehicle. These measurements may help you in choosing the light bar length best suited for your vehicle.

Transfer of Light Bars From One Vehicle to Another

From time to time, departments will remove a light bar from an older vehicle and reinstall it on a newer vehicle. Before performing this kind of transition, be sure to contact our Service Department to ensure that you not only have the proper hook kit, but that you also have the latest design light bar mount foot. Mounting foot designs continuously improve over time, and it is recommended that you utilize the most current mount foot design when reinstalling an older light bar on a newer vehicle.

Note

The hook kit reference guide is updated on an ongoing basis as information becomes available. Please check the hook kit reference guide online at www.fedsig.com/hook-mount-reference-guide for up-to-date vehicle and hook kit listings.

21" Allegiant®

- Low-profile, 21" mini-light bar
- Single- and dual-color capability
- Serial models available with front flood, rear-flood, takedowns, alley lights, work lights, bed light, and cruise
- Discrete models available with takedowns, work lights, and bed light
- Low-power mode
- (29) flash patterns
- 12 Vdc
- Flat, low-profile permanent, magnet, and 4" riser mounting options

RUMBLER® INTEGRATION

Pathfinder is available with built-in Rumbler traffic-clearing capability. With Rumbler, the Pathfinder produces a Rumbler tone without the need for a separate externally-mounted amplifier.

RUMBLER®, MULTI-TONE, AND PERIMETER BREACH WARNING CAPABILITIES FOR MAXIMUM RESPONSE

When responding to a call, safety is the number one priority. Pathfinder® comes through with built-in Rumbler® traffic clearing capability and Multi-tone integration to clear traffic where you need it most.

RUMBLER®

Rumbler® low frequencies deliver up to 10dB more sound pressure inside civilian vehicles near your emergency vehicle—getting attention and clearing traffic more effectively than a standard siren tone.

Sound pressure varies based on vehicle type and distance.

Low frequency tones work simultaneously with primary siren—penetrating nearby vehicles.

Particularly effective for Police and Fire/EMS applications in dense urban environments with heavy vehicle traffic.

MULTI-TONE

Multi-Tone provides a 50% increase in audible warning distance vs. a single-speaker/single-tone system creating the perception of a multi-vehicle, emergency response ideal for highway patrol.

PERIMETER BREACH WARNING

Perimeter Breach Warning provides a minimum 25-foot activation zone for audible and visual alerts, enhancing situational awareness.

MODEL	DESCRIPTION	LIST PRICE
PA4000-200	200 W, flush mount control, remote amplifier	\$1,022.00

Rumbler®

- Rumbler low frequencies deliver up to 10 dB more sound pressure inside civilian vehicles near emergency vehicle — getting attention and clearing traffic more effectively than a standard siren tone
- Low-frequency tones work simultaneously with primary siren
- Produces penetrating/vibrating low-frequency sound waves
- Interacts with most 100/200 W emergency vehicle siren amplifiers
- Highly effective in dense urban environments with heavy vehicle traffic
- Rumbler low-frequency speakers work in conjunction with Federal Signal sirens that feature integrated traffic-clearing capability
- Rumbler low frequency speakers are also available with Rumbler amplifier to work with other Federal Signal sirens

GROMMET MOUNT

MPSM3U-RND2 \$32.00

4-inch round mounting plate kit for (2) MPS3U, with rubber grommet

330510* \$32.00

6-inch oval mounting plate kit for (1) MPS12U, with rubber grommet (light sold separately)

DRILL-LESS MOUNT

MPSM6U-HOOD \$57.00

Drill-less hood mount bracket for (1) MPS6U light

MPSM3U-RAM24DTL \$125.00

Pair of drill-less taillight brackets for horizontal orientation, each bracket holds (1) MPS3U light, RAM, 2024+

MPSM3U-RAM24DTL2 \$125.00

Pair of drill-less taillight brackets for horizontal orientation, each bracket holds (2) MPS3U light, RAM, 2024+

MPSM3U-FRD24DTL \$100.00

Pair of drill-less taillight brackets for vertical orientation, each bracket holds (1) MPS3U light, Ford F-250/350/450, 2023+

MPSM3U-FRD24DTL2 \$100.00

Pair of drill-less taillight brackets for vertical orientation, each bracket holds (2) MPS3U lights, Ford F-250/350/450, 2023-2025

MPSM12U-FRD25DTL \$100.00

Pair of drill-less taillight brackets for vertical orientation, each bracket holds (1) MPS6U/MPS12U light, Ford F-150, 2023-2025; will not fit Lightning

MPSM12U-FRD25DTL2 \$100.00

Pair of drill-less taillight brackets for vertical orientation, each bracket holds (1) MPS6U/MPS12U light and (1) MPS3U/MPS6U light, Ford F-150, 2023-2025; will not fit Lightning

MPSM6U-WIN \$78.00

Adhesive mount for (1) MPS6U light. Kit includes 90°, 67°, 46°, and 30° shrouds

MPSM6U-WIN2 \$90.00

Dual adhesive mount for (2) MPS6U lights. Kit includes 90°, 67°, 46°, and 30° shrouds

MPSM6U-WIN46-12 \$323.00

Adhesive mount for (12) MPS6U lights. Kit includes 46° shrouds

MPSM6U-WIN90-12 \$323.00

Adhesive mount for (12) MPS6U lights. Kit includes 90° shrouds

MPSM12U-WIN \$89.00

Adhesive mount for (1) MPS12U light. Kit includes 90°, 67°, 46°, and 30° shrouds

MPSM12U-WIN90-12 \$365.00

Adhesive mount for (12) MPS12U lights. Kit includes 90° shrouds

SPOILER MOUNT

MPSM6-TA21RS \$256.00

Pair of spoiler brackets, each bracket holds (3) MPS6U lights, Chevrolet Tahoe, 2021-2025

MPSM6-TA21RS1 \$98.00

2-head MPS6U spoiler bracket kit, Chevrolet Tahoe/Suburban, 2021-2025

MPSM6-FPIU20RS1 \$219.00

Pair of spoiler brackets, each bracket holds (1) MPS6U light, Ford Police Interceptor Utility, 2020-2025

MPSM6-FPIU20RS2 \$219.00

Pair of spoiler brackets, each bracket holds (3) MPS6U lights, Ford Police Interceptor Utility, 2020-2025

MPSM6-FPIU20RS3 \$219.00

Pair of spoiler brackets, each bracket holds (2) MPS6U lights, Ford Police Interceptor Utility, 2020-2025

MPSM12-FPIU20RS2 \$212.00

Pair of spoiler brackets, each bracket holds (3) MPS12U lights, Ford Police Interceptor Utility, 2020-2025

MPSM12-DU22RS \$136.00

Pair of spoiler brackets, each bracket holds (3) MPS12U lights, Dodge Durango, 2022-2026

MPSM6-DU22RS \$127.00

6-head MPS6U spoiler bracket kit, Dodge Durango, 2015-2026

MPSM6U-EXP22RS6 \$219.00

LIMITED WARRANTY POLICY

Effective January 19, 2026

Federal Signal Corporation ("Federal Signal"), subject to the terms, conditions and exceptions contained herein, warrants each NEW product to be free from defects in material and workmanship, under normal and proper use, care, maintenance and required service only. Start of Warranty, Warranty periods and exceptions to the foregoing Limited Warranty are contained on the Schedule of Products included in this document and are subject to change at the sole discretion of Federal Signal.

SPECIFIC EXCLUSIONS AND EXCEPTIONS

This Limited Warranty does NOT apply nor is it extended to products that are not manufactured by Federal Signal. These products may be covered by a separate limited warranty provided by the particular manufacturer, and all claims and questions regarding the same are to be directed to the particular manufacturer. Goods sourced by Seller from a third party for resale to Buyer shall carry only the warranty extended by the original manufacturer.

Domes, lenses, lamps, and batteries installed on Federal Signal products are specifically excluded. Repair or replacement of any product(s) or part(s) under this warranty does NOT extend the term of this warranty, and such product(s) or part(s) shall remain covered by the unexpired portion of the warranty period or for ninety (90) days from the date of return to Federal Signal, whichever is later. This limited warranty applies ONLY to the initial or first installation of the product. This limited warranty shall not apply to products (1) that have been subjected to neglect, abuse, misuse, improper installation, inadequate maintenance, or damage due to improper use of cleaning or cleaning materials or chemicals, or non-compliance with Federal Signal's storage, installation, operation, maintenance or environmental requirements; (2) that have undergone any modification or repair not previously authorized by Federal Signal in writing, or service, repair or modification by or from any facility other than an authorized Federal Signal service center or technician, or that use non-authorized software or spare or replacement parts; or (3) that fail due to reasonable and normal use or wear and tear, or materials made, furnished, or specified by the Buyer or end user.

During the specific warranty periods set forth below, Federal Signal will, at its sole option, repair or replace the product(s) or particular part(s) that are found to be defective in either material or workmanship or, in its sole discretion, refund the purchase price for such product(s) or part(s), which are returned or delivered, transport or shipping prepaid by the Buyer or end user, to either Federal Signal or its designated and authorized warranty service center. This limited warranty does not cover travel expenses, the cost of specialized equipment for gaining access to the product(s) or part(s), or labor charges for removal and re-installation of the product.

No person or affiliated company representative is authorized to alter the terms of this warranty, to give any other warranties, to extend the term or duration of this warranty, or to assume any other liability on behalf of Federal Signal in connection with the sale, servicing, or repair of any product manufactured by the Federal Signal.

Federal Signal reserves the right to make design changes and improvements in its products without imposing any obligation upon itself to change or improve previously manufactured products.

The use in the product of any part other than parts approved by Federal Signal may invalidate this warranty. Federal Signal reserves the right to determine, in its sole discretion, if the use of non-approved parts invalidates this warranty.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND REGARDLESS OF ANY FAILURE OF ESSENTIAL PURPOSE. ALL OTHER WARRANTIES OF WHATSOEVER KIND AND NATURE, WHETHER EXISTING IN CONTRACT OR AT LAW, ARE HEREBY AND FOREVER DISCLAIMED.

UNDER NO CIRCUMSTANCES WILL FEDERAL SIGNAL BE LIABLE OR RESPONSIBLE FOR SPECIAL, COMPENSATORY, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, LOST PROFITS, LOST SALES, OR LOSS OF USE OR LOSS OF BUSINESS OPPORTUNITY BY OR THROUGH THE USE OF THE PRODUCT. FEDERAL SIGNAL'S SOLE AND MAXIMUM LIABILITY WITH RESPECT TO THE PRODUCT, OTHER THAN ITS OBLIGATIONS SET FORTH ABOVE, SHALL BE THE TOTAL PURCHASE PRICE PAID FOR THE PRODUCT.

FEDERAL SIGNAL STRENGTH™

Every moment of every day, we go beyond the call. Every decision driven by the safety of you and your community. Take comfort in our commitment to engineer the most reliable, durable, and high-performing products for your emergency vehicle.

SAFETY IN THIS MOMENT.

EXCLUSIVE TECHNOLOGIES TO KEEP YOUR COMMUNITY SAFE. THAT'S FEDERAL SIGNAL STRENGTH.™

FS CONVERGENCE NETWORK enables true plug-and-play installation and programming.

FSLINK® is an embedded software technology that utilizes a shared set of flash patterns and a common five-conductor cable to flash the patterns of Federal Signal's mini-light bars, beacons, and warning devices simultaneously or alternately.

FSJOIN® is a programming feature designed to enhance customization across Federal Signal's visual and audible vehicle warning products.

HOTFOOT® lighted mounting feet accommodate LED takedown and alley lights.

SPECTRALUX® multicolor LED technology provides the ability for a single light head to change color while in operation.

ROC (RELIABLE ONBOARD CIRCUITRY™) technology eliminates approximately 85% of connection failure points found in a typical light bar.

RUMBLER® Ideal for dense urban environments, Rumbler® is a low-frequency siren that works simultaneously with a primary siren tone to penetrate solid material, allowing vehicle operators and nearby pedestrians to feel the sound waves.

SLR (SOLARIS® LED ROTATOR) maximizes the LED light source for full light coverage. SLR rotators provide rotating, oscillating, flashing, and flood light functionality.

SOLARIS® LED reflector technology maximizes optical efficiency and provides superior off-axis warning.

V-SHAPE® light bar is mechanically designed to have a non-linear shape (V-Shape), providing an advantage in terms of off-axis warning performance compared to light bars with a traditional linear shape.

Q-SIREN® The sound of the Q-Siren® is a registered trademark of Federal Signal Corporation, and it provides a distinct, recognizable long-distance warning.

“It’s not a fire truck unless it’s got a **Q-Siren®!**”

There is no mistaking the **iconic sound** of the

Federal Signal Q-Siren®

Introduced in 1951, its unmistakable tone quickly became a defining sound of the American fire service — signaling urgency long before a fire truck came into view. Its polished chrome housing reflected the craftsmanship of mid-century apparatus builders, preserving a sense of pride and tradition. For generations of firefighters, the Q-Siren has been more than equipment—it has been a symbol of service, heritage, and the enduring spirit of the firehouse.

We continue to bring that same unmatched craftsmanship to every Q-Siren, honoring the dedicated professionals who serve our communities.

In 2026, each Q-Siren will feature an exclusive etching commemorating **75 years of safety.**
