INTRODUCING THE FISCHER INSURANCE MOBILE APP

The new Fischer Insurance mobile app gives you anytime access to all things insurance. You can take care of service requests, whenever you want.

- » View your proofs of insurance and Auto ID cards
- » View your policies and coverages
- » File an Auto or Property claim
- » Verify you have drivers and household members listed
- » Access important documents immediately upon availability
- » Stay connected to your agent

It's another way Fischer Insurance offers our policy holders something more, here in the local communities we serve.

Frequently Asked Questions:

Q: I am not able to get signed up.

A: Please send us an email to info@fischerins.com and we would be happy to get you signed up or provide support.

Q: I am looking through the information in the app and see that some drivers are listed more than once.

A: Sometimes you will see a driver more than once because of the way they are listed on different policies. This is ok. If you do not see a driver that is in your house, please let us know we can get them added.

Q: Can I really file a claim through a mobile app?

A: Yes! You can file a claim and upload photos right on the app. Insurance can be easy, and we want to make it as easy as possible for you.

Q: What happens if I make a request or do something by mistake?

A: That's why it is great to work with people that understand and care about you. Requests that come through the app will be verified with you.
