

# Ebert Family Clinic Connected Care Program

Experience Ongoing Support between  
your Office Visits

## Stay Connected, Stay Healthy

Are you or a loved one living with multiple chronic conditions? We are excited to offer our Connected Care Program, designed just for you. This program allows your provider to view your health daily and make timely, informed decisions about your care, including medication changes. It can also help reduce adverse events and healthcare costs.

## Why Choose Connected Care?

### Peace of Mind

- **Health Tracking:** Ensuring you receive the care you need when you need it.
- **Alerts:** If anything unusual is detected, you are alerted.

### Convenience & Comfort

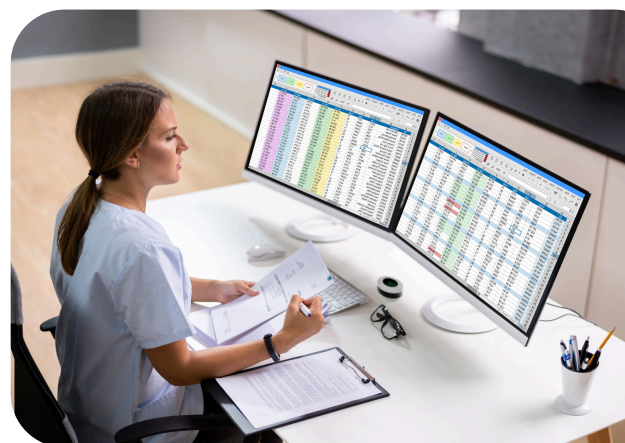

- **Manage Your Health from Home:** Enjoy the comfort of managing your health right from your home.
- **Easy-to-Use Devices:** Our user-friendly devices ensure seamless integration into your daily routine.

### Improved Health Management

- **Personal Nurse:** To help answer your questions and monitor your health.
- **Regular Check-ins:** Scheduled follow-ups with your nurse to discuss your progress and make informed decisions.

## Who Can Join?

If you have Medicare or Medicare Advantage, and have one or more chronic conditions, including heart disease, diabetes, or high blood pressure, our program can significantly enhance your quality of life.

**Ask your Doctor about  
the Connected Care  
Program & Enroll Today!**

# Ebert Family Clinic Connected Care Program

## Easy Health Tracking Without Hassle

Our smart devices work with the strongest cellular signal in your area. You do not need wifi/internet or Bluetooth from a mobile app. However, we encourage you to download the mobile app for health education and quick communication with your nurse.

## How Does it Work?

- 1 Your Doctor makes the referral based on your condition and health goals.
- 2 A member of our care team will call you to activate your service.
- 3 Your device will be delivered directly to your home at **NO COST TO YOU**
- 4 Use your device daily & stay connected with your care team.
