

MagneGrip[®]

AFG (OR OTHER GRANT)

PURCHASING PROCESS

In partnership with GrantFinder, MagneGrip's grant assistance program offers help in developing a successful grant application.

Whether you're just starting your grant project or need to add the final touches, the GrantFinder staff of grant consultants have assembled a comprehensive package of helpful resources, including: Grant Research, Grant Alerts & Related News, Application Review, and Writing Tips & Discounted Writing Services

This is a step-by-step guide to help you best navigate the application process.

GRANT APPLICANT COMPLETES BOTH LEAD FORMS

STEP

1

START HERE:

magnetgrip.com/no-cost-grant-assistance

This form puts your department in place for no-cost grant assistance and discounted grant writing. It will also notify your local sales rep that you'd like to get more info and a budgetary estimate for MagneGrip in your station. The rep should be able to contact you within 24 hours, but if you don't want to wait here's who you can contact:

info@magnetgrip.com

STEP

2

REVIEW & SELECT THE BEST MAGNEGRIP EQUIPMENT FOR APPLICANT'S STATION

By way of a visit or some fact finding over phone/email, you and your sales rep will work out the best equipment for your station and a cost estimate for the purchase and installation of the equipment. You will also learn about MagneGrip, the only American Owned and Manufactured vehicle exhaust removal company on the market.

STEP

3

GRANT APPLICANT ENSURES ACCOUNTS ARE UP TO DATE

Ensure your SAM.GOV and FEMAGO accounts are up to date, and you can log in easily. Also make sure your DUNS/UEI number are known and accessible.

**Steps 1-3 are best to have complete
BEFORE THE GRANT APPLICATION PERIOD OPENS.**

GRANT APPLICANT FINALIZES & SUBMITS APPLICATION DURING THE APPLICATION PERIOD

STEP

4

Once the grant application period opens, either you (with the no-cost assistance provided by MagneGrip and GrantFinder) or you and your grant writer (discounted because you filled out forms in step 1) finalize your grant application and submit to FEMA (or other grant).

If you have any questions feel free to reach out to GrantFinder:

844-312-9500 or customersupport@lexipol.com

GRANT AWARDED

STEP

5

5a

Your MagneGrip rep should be aware eventually of your award, but sometimes the department knows a bit sooner. Feel free to reach out to get things moving.

Your MagneGrip representative will ensure the budgetary is still accurate.

5b

Simultaneously, FEMA will require an EHP review to ensure certain standards are held with regards to the environment and historical buildings. Although the department can put purchasing processes in place, funds from FEMA may not be released until the EHP is complete.

PURCHASE & INSTALLATION

STEP **6**

6a

Department's purchasing procedures vary; MagneGrip will follow the procedures your department requires. To expedite and relieve some stress in the procurement process, **MagneGrip has joined with HGAC and Sourcewell**. Our equipment has been publicly bid through these Co-Ops. If you are already a member of one of these, you are ready to buy MagneGrip at a discounted price! If you aren't but would like to join visit:

HGAC: hgacbuy.org/join/become-an-end-user or

Sourcewell: <https://www.sourcewell-mn.gov/local-government/solutions>

6b

Upon receipt of order, MagneGrip will manufacture and procure the necessary equipment for installation. MagneGrip installation team will coordinate all logistics for a turnkey installation.
